### Overview

Newcastle City Council is constituted under the *Local Government Act 1993* (NSW) and has its principal place of business at:

Newcastle City Council  
12 Stewart Avenue  
Newcastle West NSW 2302

Council's guiding principles are detailed in Chapter 3 of the LGA and includes:

- principles applying to the exercise of functions generally by council,
- principles to be applied when making decisions,
- principles of community participation,
- principles of sound financial management, and
- principles for strategic planning relating to the development of an integrated planning and reporting framework.

A description of the nature of Council's operations and its principal activities are provided in Note B1-2.

Through the use of the internet, we have ensured that our reporting is timely, complete and available at minimum cost. All press releases, financial statements and other information are publicly available on our website: [www.newcastle.nsw.gov.au](http://www.newcastle.nsw.gov.au).

### General Purpose Financial Statements

for the year ended 30 June 2022

### Statement by Councillors and Management

---

#### Statement by Councillors and Management

made pursuant to Section 413(2)(c) of the *Local Government Act 1993* (NSW) (as amended)

**The attached General Purpose Financial Statements have been prepared in accordance with:**

- the *Local Government Act 1993* (NSW) (as amended) and the regulations made thereunder,
- the Australian Accounting Standards and other pronouncements of the Australian Accounting Standards Board
- the *Local Government Code of Accounting Practice and Financial Reporting*.

**To the best of our knowledge and belief, these statements:**

- present fairly the Council's operating result and financial position for the year
- accord with Council's accounting and other records.

**We are not aware of any matter that would render these statements false or misleading in any way.**

**Signed in accordance with a resolution of Council made on 23 August 2022.**

## A About Council and these financial statements

### A1-1 Basis of preparation

These financial statements were authorised for issue by Council on 23 August 2022. Council has the power to amend and reissue these financial statements in cases where critical information is received from public submissions or where the OLG directs Council to amend the financial statements.

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Australian Accounting Interpretations, the *Local Government Act 1993 (NSW)* and Regulations, and the Local Government Code of Accounting Practice and Financial Reporting. Council is a not for-profit entity. The financial statements are presented in Australian dollars and are rounded to the nearest thousand dollars.

Unless otherwise indicated, all amounts disclosed in the financial statements are actual amounts. Specific budgetary amounts have been included for comparative analysis (to actuals) and are clearly marked in the following reports and notes:

- Income Statement
- Statement of Cash Flows
- Note B5-1 – Material budget variations

#### **Historical cost convention**

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain infrastructure, property, plant and equipment and investment property.

#### **Significant accounting estimates and judgements**

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying Council's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on Council and that are believed to be reasonable under the circumstances.

#### **Critical accounting estimates and assumptions**

Council makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year include:

- Fair values of investment properties – refer Note C1-9
- Fair values of infrastructure, property, plant and equipment – refer Note C1-8
- Employee benefit provisions – refer Note C3-4
- Asset remediation provisions – refer Note C3-5

#### **Significant judgements in applying the Council's accounting policies**

- Impairment of receivables - refer Note C1-4
- Determination of whether performance obligations are sufficiently specific and whether the contract is within the scope of AASB 15 *Revenue from Contracts with Customers* and / or AASB 1058 *Income of Note-for-Profit Entities* - refer to Notes B2-2 - B2-4.
- Determination of the lease term, discount rate (when not implicit in the lease) and whether an arrangement contains a lease - refer to Note C2-1.

### **Monies and other assets received by Council**

#### **The Consolidated Fund**

In accordance with the provisions of Section 409(1) of the *Local Government Act 1993 (NSW)*, all money and property received by Council is held in the Council's Consolidated Fund unless it is required to be held in the Council's Trust Fund.

The Consolidated Fund and other activities through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this report.

## A1-1 Basis of preparation (continued)

### The Trust Fund

In accordance with the provisions of Section 411 of the *Local Government Act 1993* (NSW) (as amended), a separate and distinct Trust Fund is maintained to account for all money and property received by the Council in trust which must be applied only for the purposes of, or in accordance with, the trusts relating to those monies. Trust monies and property subject to Council's control have been included in these reports.

A separate statement of monies held in the Trust Fund is available for inspection at the Council office by any person free of charge.

### Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the taxation authority. In this case, it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the Statement of Financial Position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities that are recoverable from, or payable to, the taxation authority are presented as operating cash flows.

### Volunteer services

Volunteer hours are actual hours contributed to Council by registered Council volunteers. It does not include hours contributed by secondary groups that are Incorporated Associations. Volunteer activity takes place through not-for-profit organisations to benefit the Newcastle community, for no payment to the volunteer and in designated volunteer positions only. Council maintains a register of volunteer hours and can reliably measure the value of the volunteer services to Council.

Volunteer services received include:

- Library outreach services
- Museum support
- Landcare activities
- Committee members
- Bushcare activities

### Comparative figures

Where the presentation or the classification of items in the financial report have been amended across the reporting period, comparative amounts have been reclassified.

Items have been reclassified in accordance with the Local Government Code of Accounting Practice and Financial Reporting 2021/22. Council has additionally reclassified comparative amounts to align consolidation entries for its joint operations (Newcastle Airport Partnership and Greater Newcastle Aerotropolis Partnership). Refer Note D1-1. Items impacted have been highlighted throughout with an asterisk \*.

### New accounting standards and interpretations issued but not yet effective

#### New accounting standards and interpretations issued but not yet effective

Certain new accounting standards and interpretations (ie. pronouncements) have been published by the Australian Accounting Standards Board that are not mandatory for the 30 June 2022 reporting period.

Council has elected not to apply any of these pronouncements in these financial statements before their operative dates.

Council's assessment of these new standards and interpretations (where they have been deemed as having a material impact on Council's future financial performance, financial position and cash flows) are set out below:

- *AASB 2020-1 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current*
- *AASB 2020-6 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current – Deferral of Effective Date*

This Standard amends AASB 101 Presentation of Financial Statements to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current.

## A1-1 Basis of preparation (continued)

For example the amendments clarify that a liability is classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. The meaning of settlement of a liability is also clarified.

**Council does not expect any material impact from the above amendments and to its classification of liabilities as current or non-current.**

This standard has an effective date for the 30 June 2024 reporting period.

### **AASB 2020-3 Amendments to Australian Accounting Standards – Annual Improvements 2018-2020 and Other Amendments**

This Standard amends a number of standards as follows:

- AASB 1 to simplify the application of AASB 1 by a subsidiary that becomes a first-time adopter after its parent in relation to the measurement of cumulative translation differences,
- AASB 3 to update a reference to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations,
- AASB 9 to clarify the fees an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability,
- AASB 116 to require an entity to recognise the sales proceeds from selling items produced while preparing property, plant and equipment for its intended use and the related cost in profit or loss, instead of deducting the amounts received from the cost of the asset,
- AASB 137 to specify the costs that an entity includes when assessing whether a contract will be loss-making and
- AASB 141 to remove the requirement to exclude cash flows from taxation when measuring fair value, thereby aligning the fair value measurement requirements in AASB 141 with those in other Australian Accounting Standards.

**Council does not expect any material impact from the above amendments.**

This standard has an effective date for the 30 June 2023 reporting period.

### **New accounting standards adopted during the year**

During the year Council adopted all accounting standards and interpretations (as issued by the Australian Accounting Standards Board) which were mandatorily effective for the first time at 30 June 2022. None of these standards had a significant impact on reported position or performance.

## B Financial Performance

### B1 Functions or activities

#### B1-1 Functions or activities – income, expenses and assets

Income, expenses and assets have been directly attributed to the following functions or activities. Details of those functions or activities are provided in Note B1-2.

## B1-2 Components of functions or activities

---

Details relating to the Council's functions or activities as reported in B1-1 are as follows:

### Integrated and Accessible Transport

Transport networks and services will be well connected and convenient. Walking, cycling and public transport will be viable options for the majority of our trips. Council's services that contribute to meeting these community objectives are: Civil Construction and Maintenance; Assets and Projects; Regulatory, Planning and Assessment; Transport and Compliance.

### Protected Environment

Our unique environment will be understood, maintained and protected. Council's services that contribute to meeting these community objectives are: Waste Services; Assets and Projects; Legal; Civil Construction and Maintenance; Regulatory, Planning and Assessment; Community, Strategy and Innovation; Parks and Recreation.

### Vibrant, Safe and Active Public Places

A city of great public places and neighbourhoods promoting people's happiness and wellbeing. Council's services that contribute to meeting these community objectives are: Art Gallery; Assets and Projects; Libraries and Learning; Community, Strategy and Innovation; Parks and Recreation; Civil Construction and Maintenance; Regulatory, Planning and Assessment; Museum; Civic Services; Property and Facilities.

### Inclusive Community

A thriving community where diversity is embraced, everyone is valued and has the opportunity to contribute and belong. Council's services that contribute to meeting these community objectives are: Assets and Projects; Parks and Recreation; Property and Facilities; People and Culture; Civic Services; Art Gallery; Museum; Transport and Compliance; Community, Strategy and Innovation; Libraries and Learning.

### Liveable Built Environment

An attractive city that is built around people and reflects our sense of identity. Council's services that contribute to meeting these community objectives are: Assets and Projects; Regulatory, Planning and Assessment; Community, Strategy and Innovation; Civic Services; Transport and Compliance.

### Smart and Innovative

A leader in smart innovations with a prosperous, diverse and resilient economy. Council's services that contribute to meeting these community objectives are: Community, Strategy and Innovation; Art Gallery; Museum; Civic Services; Assets and Projects; Libraries and Learning; Major Events and Corporate Affairs; Information Technology.

### Open and Collaborative Leadership

A strong local democracy with an actively engaged community and effective partnerships. Council's services that contribute to meeting these community objectives are: Finance; Information Technology; Depot Operations; People and Culture; Legal; Customer Experience; Museum; Major Events and Corporate Affairs; Community, Strategy and Innovation.

## B2 Sources of income

### B2-1 Rates and annual charges

	2022 \$ '000	2021 \$ '000
<b>Ordinary rates</b>		
Residential	107,625	104,885
Farmland	22	22
Business	60,850	59,366
Less: pensioner rebates (mandatory)	(1,938)	(2,021)
<b>Rates levied to ratepayers</b>	<b>166,559</b>	<b>162,252</b>
Pensioner rate subsidies received	1,059	1,116
<b>Total ordinary rates</b>	<b>167,618</b>	<b>163,368</b>
<b>Special rates</b>		
Town improvement	79	82
Main street	1,267	1,235
<b>Rates levied to ratepayers</b>	<b>1,346</b>	<b>1,317</b>
<b>Total special rates</b>	<b>1,346</b>	<b>1,317</b>
<b>Annual charges</b>		
<small>(pursuant to s.496, s.496A, s.496B, s.501 &amp; s.611)</small>		
Domestic waste management services	26,787	24,827
Stormwater management services	2,055	2,036
Waste management services (non-domestic)	1,285	1,139
Section 611 charges	195	251
Less: pensioner rebates (mandatory)	(508)	(504)
<b>Annual charges levied</b>	<b>29,814</b>	<b>27,749</b>
Pensioner subsidies received:		
– Domestic waste management	278	279
<b>Total annual charges</b>	<b>30,092</b>	<b>28,028</b>
<b>Total rates and annual charges</b>	<b>199,056</b>	<b>192,713</b>

Council has used 2019 valuations provided by the NSW Valuer General in calculating its rates.

#### Accounting policy

Rates and annual charges are recognised as revenue at the beginning of the rating period to which they relate. Prepaid rates are recognised as a financial liability until the beginning of the rating period.

Pensioner rebates relate to reductions in rates and certain annual charges for eligible pensioners' place of residence in the local government council area that are not subsidised by the NSW Government.

Pensioner rate subsidies are received from the NSW Government to provide a contribution towards the pensioner rebates and are recognised within the underlying revenue item based on their substance.

## B2-2 User charges and fees \*

	2022 \$ '000	2021 \$ '000
<b>Specific user charges</b>		
(per s.502 - specific 'actual use' charges)		
Waste management services (non-domestic)	4,798	3,779
<b>Total specific user charges</b>	<b>4,798</b>	<b>3,779</b>
<b>Other user charges and fees</b>		
<b>(i) Fees and charges – statutory and regulatory functions (per s.608)</b>		
Building inspection fee	154	192
Dog control / registration fees	135	141
Inspection fees – food shops	497	469
Compliance fees	248	187
Private works – section 67	119	85
Regulatory / statutory fees	4,029	3,982
Section 10.7 certificates (EP&A Act)	469	505
Section 603 certificates	365	391
Subdivision fees	431	338
<b>Total fees and charges – statutory/regulatory</b>	<b>6,447</b>	<b>6,290</b>

Library fees	43	65
Local committees	215	225
Merchant service fee	145	153
Museum	263	118
Newcastle Airport *	8,488	6,094
Ocean baths / inland pools	64	66
Parking stations / meter fees	5,503	7,058
Parks and garden usage	1,055	1,588
RMS charges (state roads not controlled by Council)	3,939	4,053
Road restorations	452	381
Stockton Beach Holiday Park	2,276	2,581
Tipping fees / resource recovery	49,649	39,694
Tourism	45	35
Other	407	507
<b>Total fees and charges – other</b>	<b>76,261</b>	<b>66,083</b>
<b>Total other user charges and fees</b>	<b>82,708</b>	<b>72,373</b>
<b>Total user charges and fees</b>	<b>87,506</b>	<b>76,152</b>
<b>Timing of revenue recognition for user charges and fees</b>		
User charges and fees recognised over time	6,127	4,840
User charges and fees recognised at a point in time	81,379	71,312
<b>Total user charges and fees</b>	<b>87,506</b>	<b>76,152</b>

## B2-2 User charges and fees \* (continued)

---

### **Accounting policy**

Revenue arising from user charges and fees is recognised when or as the performance obligation is completed and the customer receives the benefit of the goods / services being provided.

The performance obligation relates to the specific services which are provided to the customers and generally the payment terms are within 14 days of the provision of the service or in some cases such as caravan parks, the customer is required to pay on arrival or a deposit in advance. There is no material obligation for Council in relation to refunds or returns.

Licences granted by Council are all either short-term or low value and all revenue from licences is recognised at the time that the licence is granted rather than over the term of the licence.

(\*) Items have been reclassified in accordance with the Local Government Code of Accounting Practice and Financial Reporting 2021/22.  
Refer Note A1-1

## B2-3 Other revenues

	2022 \$ '000	2021 \$ '000
Fines – parking	2,334	3,957
Fines – other	213	244
Insurance claims recoveries	228	543
Commissions and agency fees	200	203
Sales of inventories	1,645	1,482
Diesel rebate	196	654
Legal fees recovery – rates and charges (extra charges)	290	114
Insurance recovery / bonus	–	5
Insurance proceeds available for capital purposes	–	154
Joint library scheme recoveries	372	355
Sponsorships	15	14
Summerhill waste management – electricity generation	535	606
Volunteer services	238	222
JobKeeper (Newcastle Airport)	–	971
Newcastle Airport *	384	86
Energy Savings Certificates *	690	143
Other *	494	289
<b>Total other revenue</b>	<b>7,834</b>	<b>10,042</b>
<b>Timing of revenue recognition for other revenue</b>		
Other revenue recognised over time	372	355
Other revenue recognised at a point in time	7,462	9,687
<b>Total other revenue</b>	<b>7,834</b>	<b>10,042</b>

### Accounting policy

Where the revenue is earned for the provision of specified goods / services under an enforceable contract, revenue is recognised when or as the obligations are satisfied.

Statutory fees and fines are recognised as revenue when the service has been provided, the payment is received or when the penalty has been applied, whichever occurs first.

Other non-contractual revenue is recorded when the payment is due, the value of the payment is notified, or the payment is received, whichever occurs first.

(\*) Items have been reclassified in accordance with the Local Government Code of Accounting Practice and Financial Reporting 2021/22. Refer Note A1-1

## B2-4 Grants and contributions \* (continued)

---

### Accounting policy

#### Grants and contributions – enforceable agreement with sufficiently specific performance obligations

Grant and contribution revenue from an agreement which is enforceable and contains sufficiently specific performance obligations is recognised as or when control of each performance obligation is transferred.

The performance obligations vary according to the agreement but include specific recycling / waste targets and other performance targets. Payment terms vary depending on the terms of the grant, cash is received upfront for some grants and on the achievement of certain payment milestones for others.

Performance obligations may be satisfied either at a point in time or over time and this is reflected in the revenue recognition pattern. Point in time recognition occurs when the beneficiary obtains control of the goods / services at a single time (e.g. completion of the project when a report / outcome is provided), whereas over time recognition is where the control of the services is ongoing throughout the project (e.g. provision of community health services through the year).

Where control is transferred over time, generally the input methods being either costs or time incurred are deemed to be the most appropriate methods to reflect the transfer of benefit.

#### Capital grants

Capital grants received by Council under an enforceable contract for the acquisition or construction of infrastructure, property, plant and equipment to identified specifications which will be under Council's control on completion are recognised as revenue as and when the obligation to construct or purchase is completed.

For construction projects, this is generally as the construction progresses in accordance with costs incurred since this is deemed to be the most appropriate measure of the completeness of the construction project.

For acquisitions of assets, the revenue is recognised when the asset is acquired and controlled by the Council.

#### Developer contributions

Council has obligations to provide facilities from contribution revenues levied on developers under the provisions of sections 7.4, 7.11 and 7.12 of the *Environmental Planning and Assessment Act 1979* (EP&A Act).

While Council generally incorporates these amounts as part of a Development Consents Order, such developer contributions are only recognised as income upon receipt by Council, due to the possibility that individual development consents may not be acted upon by the applicant and, accordingly, would not be payable to Council.

Developer contributions may only be expended for the purposes for which the contributions were required, but Council may apply contributions according to the priorities established in work schedules for the contribution plan.

#### Other grants and contributions

Assets, including cash, received from other grants and contributions are recognised at fair value when the asset is received. Council considers whether there are any related liability or equity items associated with the asset which are recognised in accordance with the relevant accounting standard.

Once the assets and liabilities have been recognised then income is recognised for any remaining asset value at the time that the asset is received.

**B2-5 Interest and investment income \***

	<b>2022</b>	2021
	<b>\$ '000</b>	\$ '000
Interest on financial assets measured at amortised cost		
– Overdue rates and annual charges (incl. special purpose rates)	<b>284</b>	204
– Cash and investments	<b>3,534</b>	3,922
Dividend income from investments at fair value through profit or loss	<b>1,172</b>	4,105
Amortisation of discounts and premiums on financial instrument transactions		
– Debt securities at amortised cost / held to maturity investments	<b>(9)</b>	(33)
<b>Total interest and investment income (losses)</b>	<b>4,981</b>	<b>8,198</b>

**Accounting policy**

Interest income is recognised using the effective interest rate at the date that interest is earned.

Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

(\*) Items have been reclassified in accordance with the Local Government Code of Accounting Practice and Financial Reporting 2021/22. Refer Note A1-1

**B2-6 Other income \***

		<b>2022</b>	2021
	Notes	<b>\$ '000</b>	\$ '000

## B3 Costs of providing services

### B3-1 Employee benefits and on-costs

	2022 \$ '000	2021 \$ '000
Salaries and wages	92,936	89,354
Employee termination costs	640	798
Employee leave entitlements (ELE)	16,029	15,229
Superannuation	11,489	10,885
Workers' compensation insurance	6,766	3,939
Fringe benefit tax (FBT)	284	369
Other	64	7
<b>Total employee costs</b>	<b>128,208</b>	<b>120,581</b>
Less: capitalised costs	(5,668)	(5,250)
<b>Total employee costs expensed</b>	<b>122,540</b>	<b>115,331</b>

#### Accounting policy

Employee benefit expenses are recorded when the service has been provided by the employee.

All employees of the Council are entitled to benefits on retirement, disability or death. Council contributes to various defined benefit plans and defined contribution plans on behalf of its employees.

Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Council participates in a defined benefit plan under the Local Government Superannuation Scheme (Active Super), however, sufficient information to account for the plan as a defined benefit is not available and therefore Council accounts for its obligations to defined benefit plans on the same basis as its obligations to defined contribution plans, i.e. as an expense when it becomes payable – refer to Note E3-1 for more information.

## B3-2 Materials and services

	Notes	2022 \$ '000	2021 \$ '000
Raw materials and consumables		26,372	25,810
Contractor and consultancy costs		57,266	56,217

Cost of sales		857	745
Training and travel		824	866
Electricity		1,389	1,634
Newcastle Airport		3,400	2,641
S355 local committee working expenses		161	212
Water		1,018	872
Volunteer services		238	222
Rehabilitation and restoration expenses		(3,407)	10,889
Legal expenses		776	1,220
Expenses from short-term leases		24	21
Expenses from leases of low value assets		25	27
Variable lease expense relating to usage		3,839	4,006
Other		1,598	1,876
<b>Total materials and services</b>		<b>104,013</b>	<b>116,164</b>

### Accounting policy

Expenses are recorded on an accruals basis as the council receives the goods or services.

### B3-3 Borrowing costs

	Notes	2022 \$ '000	2021 \$ '000
<b>(i) Interest bearing liability costs</b>			
Interest on leases		1,022	1,944
Interest on loans		2,467	2,934
<b>Total interest bearing liability costs</b>		<b>3,489</b>	<b>4,878</b>
<b>Total interest bearing liability costs expensed</b>		<b>3,489</b>	<b>4,878</b>
<b>(ii) Other borrowing costs</b>			
Discount adjustments relating to movements in provisions (other than ELE)			
– Remediation liabilities	C3-5	1	1
<b>Total other borrowing costs</b>		<b>1</b>	<b>1</b>
<b>Total borrowing costs expensed</b>		<b>3,490</b>	<b>4,879</b>

#### Accounting policy

Borrowing costs incurred for the construction of any qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed as incurred.

## B3-4 Depreciation, amortisation and impairment of non-financial assets

	Notes	2022 \$ '000	2021 \$ '000

Amounts taken through revaluation reserve		(27)	(4,621)
<b>Total IPP&amp;E impairment / revaluation decrement costs</b>		<b>4</b>	<b>–</b>
<b>Total depreciation, amortisation and impairment for intangibles and IPPE</b>		<b>60,134</b>	<b>57,824</b>

### Accounting policy

#### Depreciation and amortisation

Depreciation and amortisation are calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives.

#### Impairment of non-financial assets

Council assets held at fair value that are not held primarily for their ability to generate net cash flow, and that are deemed to be specialised, are not tested for impairment since these assets are assessed on an annual basis to ensure that the carrying amount is not materially different from fair value and therefore an impairment loss would be captured during this assessment.

Intangible assets not yet available for use, are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired.

Other non-financial assets that do not meet the criteria above are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows that are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Impairment losses for revalued assets are firstly offset against the amount in the revaluation surplus for the class of asset, with only the excess to be recognised in the Income Statement.

## B3-5 Other expenses

	Notes	2022 \$ '000	2021 \$ '000
Impairment of receivables	C1-4	470	245
Net share of interests in joint ventures and associates using the equity method	D1-2	170	180
Fair value decrement on investments	C1-2	5,260	–
Donations, contributions and assistance to other organisations (Section 356)		4,321	3,309
Contributions/levies to other levels of government			
– Emergency services levy (includes FRNSW, SES, and RFS levies)		3,449	3,777
– NSW government waste levy		38,607	32,064
– Other levies		1,095	758
<b>Total other expenses</b>		<b>53,372</b>	<b>40,333</b>

### Accounting policy

Other expenses are recorded on an accruals basis when Council has an obligation for the expenses.

Impairment expenses are recognised when identified.

**B4 Gains or losses****B4-1 Gain or loss from the disposal, replacement and de-recognition of assets**

	Notes	2022 \$ '000	2021 \$ '000
<b>Gain (or loss) on disposal of infrastructure, property, plant and equipment</b>	C1-8		
Proceeds from disposal – infrastructure, property, plant and equipment		995	2,028
Less: carrying amount of infrastructure, property, plant and equipment sold/written off		(6,324)	(12,364)
<b>Gain (or loss) on disposal</b>		<b>(5,329)</b>	<b>(10,336)</b>
<b>Gain (or loss) on disposal of investments</b>	C1-2		
Proceeds from disposal – investments		5,025	–
Less: carrying amount of investments sold		(5,000)	–
<b>Gain (or loss) on disposal</b>		<b>25</b>	<b>–</b>
<b>Gain (or loss) on disposal of non-current assets held for sale</b>	C1-7		
Proceeds from disposal – non-current assets held for sale		9,386	–
Less: carrying amount of non-current assets held for sale sold/written off		(9,500)	–
<b>Gain (or loss) on disposal</b>		<b>(114)</b>	<b>–</b>
<b>Net gain (or loss) from disposal of assets</b>		<b>(5,418)</b>	<b>(10,336)</b>

**Accounting policy**

Gains and losses on disposals are determined by comparing proceeds with carrying amount. The gain or loss on sale of an asset is determined when control of the asset has irrevocably passed to the buyer and the asset is de-recognised.

## B5 Performance against budget

### B5-1 Material budget variations

Council's original budget was adopted by the Council on 25 May 2021 and is not required to be audited. The original projections on which the budget was based have been affected by a number of factors. These include state and federal government decisions, including new grant programs, changing economic activity, environmental factors, and by decisions made by Council.

While these General Purpose Financial Statements include the original budget adopted by Council, the Act requires Council to review its financial budget on a quarterly basis, so it is able to manage the variation between actuals and budget that invariably occur during the year.

**Material variations of more than 10%** between original budget and actual results or where the variance is considered material by nature are explained below.

**Variation Key:** **F** = Favourable budget variation, **U** = Unfavourable budget variation.

\$ '000	2022 Budget	2022 Actual	2022 ----- Variance -----	
<b>Revenues</b>				
<b>Rates and annual charges</b>	198,945	199,056	111	0% <b>F</b>
<b>User charges and fees</b>	94,322	87,506	(6,816)	(7)% <b>U</b>
<b>Other revenues</b>	11,432	7,834	(3,598)	(31)% <b>U</b>
Unfavourable variance is largely driven by a reduction in car parking fine revenue as a result of COVID-19 restrictions and the downturn in traffic within the CBD areas.				
<b>Operating grants and contributions</b>	16,317	31,444	15,127	93% <b>F</b>
Favourable variance includes additional revenues received for the Financial Assistance Grant, disaster recovery funding and an increase in federal and state transport grants.				
<b>Capital grants and contributions</b>	13,745	17,098	3,353	24% <b>F</b>
Development contributions exceeded expectations as a result of strong growth in 7.12 Developer Contributions.				
<b>Interest and investment revenue</b>	3,419	4,981	1,562	46% <b>F</b>
Favourable variance includes a dividend of \$1.2m from the TCorp Long Term Growth Fund that was not separately budgeted for.				
<b>Other income</b>	6,496	5,679	(817)	(13)% <b>U</b>
The unfavourable result to budget is driven by a decrement in the fair value of council's investments compared to budget.				

**B5-1 Material budget variations (continued)**

\$ '000	2022 Budget	2022 Actual	2022 ----- Variance -----	
<b>Expenses</b>				
Employee benefits and on-costs	117,162	122,540	(5,378)	(5)% U
Materials and services	102,646	104,013	(1,367)	(1)% U
Borrowing costs	3,556	3,490	66	2% F
Depreciation, amortisation and impairment of non-financial assets	58,428	60,134	(1,706)	(3)% U
Other expenses	43,601	53,372	(9,771)	(22)% U
The unfavourable variance is as a result of a \$5.3m fair value decrement of investments as well as an increase in the NSW State Waste Levy payment attributable to additional tonnes received to the Summerhill Waste Management Centre.				
<b>Net losses from disposal of assets</b>	<b>4,328</b>	<b>5,418</b>	<b>(1,090)</b>	<b>(25)% U</b>
The unfavourable result to budget was driven by the write-off of existing assets due to renewal work completed on large, long-life infrastructure within the City.				
<b>Statement of cash flows</b>				
<b>Cash flows from operating activities</b>	<b>80,409</b>	<b>47,514</b>	<b>(32,895)</b>	<b>(41)% U</b>
Unfavourable variance to budget was driven by additional payment for materials and services compared to Council's long term financial plan.				
<b>Cash flows from investing activities</b>	<b>(67,714)</b>	<b>(1,852)</b>	<b>65,862</b>	<b>(97)% F</b>
Favourable variance to budget was driven by a reduction in the spend on purchase of investments compared to Council's long term financial plan.				
<b>Cash flows from financing activities</b>	<b>(3,793)</b>	<b>737</b>	<b>4,530</b>	<b>(119)% F</b>
Favourable variance to budget was driven by an increase in the proceeds from borrowings.				

## C Financial position

### C1 Assets we manage

#### C1-1 Cash and cash equivalents

	2022 \$ '000	2021 \$ '000
<b>Cash assets</b>		
Cash at bank and on hand	55,265	28,867
Deposits at call	20,088	87
<b>Total cash and cash equivalents</b>	<b>75,353</b>	<b>28,954</b>

#### Accounting policy

For Statement of Cash Flow presentation purposes, cash and cash equivalents include: cash on hand; deposits held at call with financial institutions; other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value; and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the Statement of Financial Position.

#### C1-2 Financial investments

<b>Total financial investments</b>	<b>84,907</b>	<b>203,193</b>	<b>122,300</b>	<b>215,048</b>
<b>Total cash assets, cash equivalents and investments</b>	<b>160,260</b>	<b>203,193</b>	<b>151,254</b>	<b>215,048</b>

## C1-2 Financial investments (continued)

---

### Accounting policy

Financial instruments are recognised initially on the date that the Council becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

### Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

### Classification

On initial recognition, Council has classified its financial assets into the following categories – those measured at:

- amortised cost
- fair value through profit and loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition.

### Amortised cost

Assets measured at amortised cost are financial assets where:

- the business model is to hold assets to collect contractual cash flows, and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Council's financial assets measured at amortised cost comprise trade and other receivables, cash and cash equivalents, term deposits, floating rate notes, and bonds in the Statement of Financial Position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, impairment and gains or loss on de-recognition are recognised in profit or loss.

### Financial assets through profit or loss

All financial assets not classified as measured at amortised cost are measured at fair value through profit or loss.

Net gains or losses, including any interest or dividend income, are recognised in profit or loss.

Council's financial assets measured at fair value through profit or loss comprise investments in managed funds in the Statement of Financial Position.

## C1-3 Restricted and allocated cash, cash equivalents and investments

	2022 \$ '000	2021 \$ '000
(a) Externally restricted cash, cash equivalents and investments		
<b>Total cash, cash equivalents and investments</b>	<b>363,453</b>	366,302
Less: Externally restricted cash, cash equivalents and investments	<u>(44,128)</u>	<u>(42,187)</u>
<b>Cash, cash equivalents and investments not subject to external restrictions</b>	<b>319,325</b>	324,115
<b>External restrictions</b>		
<b>External restrictions – included in liabilities</b>		
External restrictions included in cash, cash equivalents and investments above comprise:		
Security bonds, deposits and retentions	1,638	1,472
Specific purpose unexpended grants – general fund	<u>2,342</u>	<u>2,237</u>
<b>External restrictions – included in liabilities</b>	<b>3,980</b>	3,709
<b>External restrictions – other</b>		
External restrictions included in cash, cash equivalents and investments above comprise:		
Developer contributions – general	21,664	19,549
Specific purpose unexpended grants (recognised as revenue) – general fund	1,329	562
Domestic waste management	9,369	10,202
Bequests and donations	1,559	1,576
Special Benefit Rates	1,005	994

<b>External restrictions – other</b>	<b>40,148</b>	38,478
<b>Total external restrictions</b>	<b>44,128</b>	42,187

Cash, cash equivalents and investments subject to external restrictions are those which are only available for specific use by Council due to a restriction placed by legislation or third-party contractual agreement.

(\*) Comparatives have been reclassified from internal allocations to external restrictions

## C1-3 Restricted and allocated cash, cash equivalents and investments (continued)

	2022 \$ '000	2021 \$ '000
<b>(b) Internal allocations</b>		
<b>Cash, cash equivalents and investments not subject to external restrictions</b>	<b>319,325</b>	<b>324,115</b>
Less: Internally restricted cash, cash equivalents and investments	<b>(292,686)</b>	<b>(301,497)</b>
<b>Unrestricted and unallocated cash, cash equivalents and investments</b>	<b>26,639</b>	<b>22,618</b>
<b>Internal allocations</b>		
At 30 June, Council has internally allocated funds to the following:		
Employees leave entitlements	11,976	11,900
Works program - New and upgrade	35,589	40,411
Works program - Infrastructure Agreed level of service	135,085	144,782
Works program - Specific projects	26,743	19,442
Newcastle Airport	13,144	10,542
Workers compensation: Self insurance	2,859	-
Local committees and childcare *	438	465
Superannuation - Defined benefits	643	1,243
Waste Management - Remediation provision	60,139	63,313
Works carried forward	6,070	9,399
<b>Total internal allocations</b>	<b>292,686</b>	<b>301,497</b>

Cash, cash equivalents and investments not subject to external restrictions may be internally allocated by resolution or policy of the elected Council.

(\*) Comparatives have been reclassified from internal allocations to external restrictions

## C1-4 Receivables

	2022 Current \$ '000	2022 Non-current \$ '000	2021 Current \$ '000	2021 Non-current \$ '000
Rates and annual charges	6,043	457	6,883	544
Interest and extra charges <sup>1</sup>	372	109	329	125
User charges and fees	23,178	–	13,961	–
Accrued revenues				
– Interest on investments	1,061	–	884	–
Government grants and subsidies	22	–	62	–
Net GST receivable	3,368	–	2,765	–

<b>Total</b>	<b>35,089</b>	<b>1,389</b>	<b>26,341</b>	<b>1,566</b>
<b>Less: provision for impairment</b>				
User charges and fees	(300)	–	(619)	–
Infringement Processing Bureau – NSW state govt.	(136)	(154)	(87)	(76)
<b>Total provision for impairment – receivables</b>	<b>(436)</b>	<b>(154)</b>	<b>(706)</b>	<b>(76)</b>
<b>Total net receivables</b>	<b>34,653</b>	<b>1,235</b>	<b>25,635</b>	<b>1,490</b>

(1) Interest was charged on overdue rates and charges at 6.00% (2021: 1/7/20 to 31/12/20 0.00% and 1/1/21 to 30/6/21 7.00%). Generally all other receivables are non-interest bearing.

### Accounting policy

#### Recognition and measurement

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. Receivables are generally due for settlement within 30 days.

#### Impairment

Impairment of financial assets measured at amortised cost is recognised on an expected credit loss (ECL) basis.

When estimating ECL, Council considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on Council's historical experience and informed credit assessment, and including forward-looking information.

When considering the ECL for rates and annual charges debtors, Council takes into account that unpaid rates represent a charge against the rateable property that will be recovered when the property is next sold.

Credit losses are measured at the present value of the difference between the cash flows due to the entity in accordance with the contract, and the cash flows expected to be received. This is applied using a probability weighted approach.

Council writes off a receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the debtor has been placed under liquidation or has entered into bankruptcy proceedings.

None of the receivables that have been written off are subject to enforcement activity.

Where Council renegotiates the terms of receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

## C1-5 Inventories

	2022 Current \$ '000	2022 Non-current \$ '000	2021 Current \$ '000	2021 Non-current \$ '000
<b>Inventories at cost</b>				
Stores and materials	1,267	–	1,131	–
<b>Total inventories</b>	<b>1,267</b>	<b>–</b>	<b>1,131</b>	<b>–</b>

### Accounting policy

#### Stores and materials

Stores and materials are stated at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

## C1-6 Contract assets and Contract cost assets

### Contract assets

	2022 Current \$ '000	2022 Non-current \$ '000	2021 Current \$ '000	2021 Non-current \$ '000
Work relating to infrastructure grants	36	–	–	–
<b>Total contract assets</b>	<b>36</b>	<b>–</b>	<b>–</b>	<b>–</b>

### Accounting policy

#### Contract assets

Contract assets represent Councils right to payment in exchange for goods or services the Council has transferred to a customer when that right is conditional on something other than the passage of time.

Contract assets arise when the amounts billed to customers are based on the achievement of various milestones established in the contract and therefore the amounts recognised as revenue in a given period do not necessarily coincide with the amounts billed to or certified by the customer. Once an invoice or payment claim is raised or the relevant milestone is reached, Council recognises a receivable.

Impairment of contract assets is assessed using the simplified expected credit loss model where lifetime credit losses are recognised on initial recognition.

#### Contract cost asset – costs to fulfil a contract

Where costs are incurred to fulfil a contract and these costs are outside the scope of another accounting standard, they are capitalised as contract cost assets if the following criteria are met:

- the costs relate directly to a contract
- the costs generate or enhance resources of Council that will be used to satisfy performance obligations in the future and
- the costs are expected to be recovered.

The capitalised costs are recognised in the Income statement on a systematic basis consistent with the timing of revenue recognition.

Refer to B3-4 for the accounting policy for impairment of contract cost assets.

## C1-7 Non-current assets classified as held for sale

	<b>2022</b>	2021
	<b>\$ '000</b>	\$ '000
<b>Non-current assets held for sale</b>		
Land	<b>366</b>	4,792
Buildings	-	4,708
<b>Total non-current assets held for sale</b>	<b>366</b>	9,500
<b>Total non-current assets classified as held for sale</b>	<b>366</b>	9,500

### Details of assets and disposal groups

During the financial year land was identified for compulsory acquisition by Transport for NSW to enable extension of the Newcastle Inner City Bypass. An agreement on consideration and passing of control of the land is expected to occur by the end of the 2022 calendar year.

Settlement occurred during the financial year for the land and building properties previously classified as held for sale.

### Accounting policy

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continued use and are measured at the lower of their carrying amount and fair value less costs to sell.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale.

## C1-8 Infrastructure, property, plant and equipment

By aggregated asset class	At 1 July 2021			Asset movements during the reporting period						At 30 June 2022		
	Gross carrying amount \$ '000	Accumulated depreciation and impairment \$ '000	Net carrying amount \$ '000	Renewals \$ '000	New assets \$ '000	Carrying value of disposals \$ '000	Depreciation and Impairment \$ '000	Transfers \$ '000	Revaluation increments/ (decrements) \$ '000	Gross carrying amount \$ '000	Accumulated depreciation and impairment \$ '000	Net carrying amount \$ '000

## C1-8 Infrastructure, property, plant and equipment (continued)

### Accounting policy

#### Initial recognition of infrastructure, property, plant and equipment (IPPE)

IPPE is measured initially at cost. Cost includes the fair value of the consideration given to acquire the asset (net of discounts and rebates) and any directly attributable cost of bringing the asset to working condition for its intended use (inclusive of import duties and taxes).

When infrastructure, property, plant and equipment is acquired by Council at significantly below fair value, the assets are initially recognised at their fair value at acquisition date.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to Council and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Income Statement during the financial period in which they are incurred.

#### Useful lives of IPPE

Land, bulk earthworks and heritage assets are not depreciated. Depreciation on other assets is calculated using the straight line method to allocate their cost, net of their residual values, over their estimated useful lives as follows:

	Years		Years
Office equipment	3 to 5	Roadside furniture	20
Furniture and fittings	2 to 25	Sealed roads: surface	17 to 74
Plant and equipment	3 to 50	Sealed roads: pavement	114 to 119
Library books	3 to 100	Sealed roads: kerb and gutter	79
Depreciable land improvements	20 to 50	Unsealed roads: surface	28
Buildings <sup>1</sup>	20 to 100	Bridge: substructure, superstructure	67 to 89
Other structures <sup>2</sup>	3 to 200	Bridge: handrail, guardrail	45 to 89
Swimming pools	60 to 100	Footways	28 to 49
Other open space/recreational assets	15 to 60	Other infrastructure	15 to 100
Stormwater drainage	18 to 94	Newcastle Airport	2 to 100

<sup>1</sup> 100 year life is only applicable to building shell on 4 culturally significant buildings.

<sup>2</sup> 200 year life is only applicable to one leading light tower.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

#### Revaluation Model

Infrastructure, property, plant and equipment are held at fair value. Independent comprehensive valuations are performed at least every five years, however the carrying amount of assets is assessed by Council at each reporting date to confirm that they are not materially different from current fair value.

Increases in the carrying amounts arising on revaluation are credited to the revaluation reserve. To the extent that the increase reverses a decrease previously recognising profit or loss relating to that asset class, the increase is first recognised as profit or loss. Decreases that reverse previous increases of assets in the same class are first charged against revaluation reserves directly in equity to the extent of the remaining reserve attributable to the class; all other decreases are charged to the Income Statement.

#### Land under roads

Land under roads is land under roadways and road reserves including land under footpaths, nature strips and median strips.

Council has elected not to recognise land under roads acquired before 1 July 2008. Land under roads acquired after 1 July 2008 is recognised in accordance with the IPPE accounting policy.

#### Crown reserves

Crown reserves under Council's care and control are recognised as assets of Council. While ownership of the reserves remains with the Crown, Council retains operational control of the reserves and is responsible for their maintenance and use in accordance with the specific purposes to which the reserves are dedicated. Where the Crown reserves are under a lease arrangement they are accounted for under AASB 16 Leases, refer to Note C2-1.

Improvements on Crown reserves are also recorded as assets, while maintenance costs incurred by Council and revenues relating to the reserves are recognised within Council's Income Statement.

## C1-8 Infrastructure, property, plant and equipment (continued)

---

### **Rural Fire Service assets**

Under Section 119 of the Rural Fire Services Act 1997 (NSW), “all firefighting equipment purchased or constructed wholly or from money to the credit of the Fund is to be vested in the council of the area for or on behalf of which the firefighting equipment has been purchased or constructed”.

Council has confirmed there are no Rural Fire Service (RFS) assets in the Newcastle Local Government Area. Therefore, no RFS assets are recognised as assets of the Council in these financial statements.

## C1-9 Investment properties

### Owned investment property

	2022 \$ '000	2021 \$ '000
<b>At fair value</b>

### Accounting policy

Costs incurred in developing products or systems and costs incurred in acquiring software and licenses that will contribute to future period financial benefits through revenue generation and/or cost reduction are capitalised to software and systems.

Costs capitalised include external direct costs of materials and service, direct payroll, and payroll related costs of employees' time spent on the project. Software development costs include only those costs directly attributable to the development phase and are only recognised following completion of technical feasibility, and where Council has an intention and ability to use the asset. Amortisation is calculated on a straight line basis over periods generally ranging from three to sixty years.

## C2 Leasing activities

### C2-1 Council as a lessee

---

Council has leases over a range of assets including land and buildings, plant and machinery and waste equipment. Information relating to the leases in place and associated balances and transactions is provided below.

#### Terms and conditions of leases

##### Land & Buildings

Council leases land and buildings for their corporate offices and other buildings; the leases are generally between 5 and 15 years and some of them include a renewal option to allow Council to renew for up to twice the non-cancellable lease term at their discretion.

The building leases contains an annual pricing mechanism based on either fixed increases or CPI movements at each anniversary of the lease inception.

##### Plant & Equipment

Council leases items of plant and equipment with a lease term of 3 years, with some having options of renewal. The lease payments are fixed during the lease term.

##### Waste

Council has a lease for recycling services; the lease was for a period of 10 years with a one year option of renewal. The renewal option is at the discretion of Council. The leases contain annual pricing mechanism based on fixed increases at each anniversary of the lease inception. The lease includes variable payments based on usage.

##### Newcastle Airport

Newcastle Airport is lessee under a Head Lease with the Commonwealth for the land on which it operates. The lease period ends on 31 December 2075, with 3 x 10 year option periods thereafter. The lease payments include a fixed lease component and an amount equal to 4% of adjusted revenue. The leased asset and liability recognised in the year ended 30 June 2022 reflect the minimum value of future lease payments for the fixed component of the future lease payments in accordance with AASB 16.

##### Extension options

Council includes options in the building leases to provide flexibility and certainty to Council operations and reduce costs of moving premises; and the extension options are at Council's discretion.

At commencement date and each subsequent reporting date, Council assesses where it is reasonably certain that the extension options will be exercised.

There are \$14,402,000 in potential future lease payments which are not included in lease liability as Council has assessed that the exercise of the option is not reasonably certain at this point in time.

## C2-1 Council as a lessee (continued)

## (a) Right of use assets

	Plant and Machinery \$ '000	Land and Buildings \$ '000	Waste \$ '000	Newcastle Airport \$ '000	Total \$ '000

<b>2021</b>					
Cash flows	4,913	11,123	24,251	40,287	35,706

## C2-1 Council as a lessee (continued)

### (c) Income Statement

The amounts recognised in the Income Statement relating to leases where Council is a lessee are shown below:

	2022 \$ '000	2021 \$ '000
Interest on lease liabilities	1,022	1,944
Variable lease payments based on usage not included in the measurement of lease liabilities	3,839	4,006
Income from sub-leasing right of use assets	164	11
Depreciation of right of use assets	3,789	4,310
Expenses relating to short-term leases	24	21
Expenses relating to low-value leases	25	27
	<b>8,863</b>	<b>10,319</b>

### (d) Statement of Cash Flows

Total cash outflow for leases	5,294	4,613
	<b>5,294</b>	<b>4,613</b>

### (e) Leases at significantly below market value – concessionary / peppercorn leases

Council has multiple leases at significantly below market for land and buildings which are used for:

- Community service centres
- Sports Clubs
- Emergency Services
- Community Halls

The leases are around 2 years and require payments of a maximum amount of \$1,000 per year. The use of the right-to-use asset is restricted by the lessors to specified community services which Council must provide, these services are detailed in the leases.

None of the leases in place are individual material from a Statement of Financial Position or performance perspective.

#### Accounting policy

At inception of a contract, Council assesses whether a lease exists – i.e. does the contract convey the right to control the use of an identified asset for a period of time in exchange for consideration?

Council has elected not to separate non-lease components from lease components for any class of asset and has accounted for payments as a single component.

At the lease commencement, Council recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where Council believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises: the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration, less any lease incentives received. The right-of-use asset is depreciated over the lease term on a straight-line basis and assessed for impairment in accordance with the impairment of asset accounting policy.

The lease liability is initially recognised at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Council's incremental borrowing rate for a similar term with similar security is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is re-measured when there is a lease modification, or change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI).

Where the lease liability is re-measured, the right-of-use asset is adjusted to reflect the re-measurement.

## C2-1 Council as a lessee (continued)

### Exceptions to lease accounting

Council has applied the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. Council recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

### Leases at significantly below market value / Concessionary leases

Council has elected to measure the right of use asset arising from the concessionary leases at cost which is based on the associated lease liability at initial recognition.

## C2-2 Council as a lessor

### Operating leases

Council leases out a number of properties and/or plant and equipment; these leases have been classified as operating leases for financial reporting purposes and the assets are included in the Statement of Financial Position as:

- investment property – where the asset is held predominantly for rental or capital growth purposes (refer note C1-9)
- property, plant and equipment – where the rental is incidental, or the asset is held to meet Councils service delivery objective (refer note C1-8).

	2022 \$ '000	2021 \$ '000
--	-----------------	-----------------

#### (i) Assets held as investment property

Investment property operating leases relate to properties which are leased to tenants under long-term operating leases with rental payable monthly.

The amounts recognised in the Income Statement relating to operating leases where Council is a lessor are shown below

Lease income (excluding variable lease payments not dependent on an index or rate)	813	845
<b>Total income relating to operating leases for investment property assets</b>	<b>813</b>	<b>845</b>

#### Operating lease expenses

Direct operating expenses that generated rental income	(120)	(150)
Direct operating expenses that did not generate rental income	(225)	(270)
<b>Total expenses relating to operating leases</b>	<b>(345)</b>	<b>(420)</b>

#### (ii) Assets held as property, plant and equipment \*

Council provides operating leases on Council assets for the purpose of commercial and community use, the table below relates to operating leases on assets disclosed in C1-8.

Lease income (excluding variable lease payments not dependent on an index or rate)	3,866	3,191
<b>Total income relating to operating leases for Council assets</b>	<b>3,866</b>	<b>3,191</b>

(\*) Items have been reclassified in accordance with the Local Government Code of Accounting Practice and Financial Reporting 2021/22. Refer Note A1-1

#### Amount of IPPE leased out by Council under operating leases

Building	36,516	18,913
Plant and Equipment	423	720
Newcastle Airport	4,018	4,958
<b>Total amount of IPPE leased out by Council under operating leases</b>	<b>40,957</b>	<b>24,591</b>

## C2-2 Council as a lessor (continued)

	2022 \$ '000	2021 \$ '000
<b>(iii) Maturity analysis of undiscounted lease payments to be received after reporting date for all operating leases:</b>		
Maturity analysis of future lease income receivable showing the undiscounted lease payments to be received after reporting date for operating leases:		
< 1 year	2,531	4,815
1–2 years	2,659	3,307
2–3 years	1,472	2,503
3–4 years	1,411	1,332
4–5 years	1,362	1,236
> 5 years	19,909	5,667
<b>Total undiscounted lease payments to be received</b>	<b>29,344</b>	<b>18,860</b>

**Accounting policy**

When Council is a lessor, the lease is classified as either an operating or finance lease at inception date, based on whether substantially all of the risks and rewards incidental to ownership of the asset have been transferred to the lessee. If the risks and rewards have been transferred then the lease is classified as a finance lease, otherwise it is an operating lease.

When Council has a sub-lease over an asset and is the intermediate lessor then the head lease and sub-lease are accounted for separately. The classification of the sub-lease is based on the right-of-use asset which arises from the head lease rather than the useful life of the underlying asset.

If the lease contains lease and non-lease components then the non-lease components are accounted for in accordance with AASB 15 *Revenue from Contracts with Customers*.

The lease income is recognised on a straight-line basis over the lease term for an operating lease.

## C3 Liabilities of Council

### C3-1 Payables

	2022 Current \$ '000	2022 Non-current \$ '000	2021 Current \$ '000	2021 Non-current \$ '000

---	---

#### Accounting policy

Council measures all financial liabilities initially at fair value less transaction costs. Subsequently, financial liabilities are measured at amortised cost using the effective interest rate method.

Payables represent liabilities for goods and services provided to Council prior to the end of financial year that are unpaid. The amounts are unsecured and are usually paid within 14 days of recognition.

## C3-2 Contract Liabilities

	Notes	2022 Current \$ '000	2022 Non-current \$ '000	2021 Current \$ '000	2021 Non-current \$ '000
<b>Grants and contributions received in advance:</b>					
Unexpended capital grants (to construct Council controlled assets)	(i)	1,603	500	750	–
Unexpended operating grants (received prior to performance obligation being satisfied)	(ii)	239	–	1,082	405
<b>Total grants received in advance</b>		<b>1,842</b>	<b>500</b>	<b>1,832</b>	<b>405</b>
<b>Other income received in advance:</b>					
Funds received prior to performance obligations (AASB 15)	(ii)	3,142	–	2,675	–
Deposits received in advance of services provided	(iii)	4,902	316	5,676	348
<b>Total other income received in advance</b>		<b>8,044</b>	<b>316</b>	<b>8,351</b>	<b>348</b>
<b>Total contract liabilities</b>		<b>9,886</b>	<b>816</b>	<b>10,183</b>	<b>753</b>

### Notes

(i) Council has received funding to construct assets including playgrounds, organics recycling facility and other infrastructure. The funds received are under an enforceable contract which require Council to construct an identified asset which will be under Council's control on completion. The revenue is recognised as Council constructs the asset and the contract liability reflects the funding received which cannot yet be recognised as revenue. The revenue is expected to be recognised in the next 12 months.

(ii) The contract liability relates to funds and grants received prior to the revenue recognition criteria in AASB 15 being satisfied since the performance obligations are ongoing.

(iii) Deposits received in advance are recorded as a contract liability upon receipt and recognised as revenue when the service has been provided.

### Revenue recognised (during the financial year) from opening contract liability balances

	2022 \$ '000	2021 \$ '000
<b>Grants and contributions received in advance:</b>		
Operating grants (received prior to performance obligation being satisfied)	873	159
<b>Other income received in advance:</b>		
Deposits received in advance of services provided	50	1,414
Funds received prior to performance obligations (AASB 15)	1,929	1,791
<b>Total revenue recognised that was included in the contract liability balance at the beginning of the period</b>	<b>2,852</b>	<b>3,364</b>

### Accounting policy

Contract liabilities are recorded when consideration is received from a customer / fund provider prior to Council transferring a good or service to the customer, Council presents the funds which exceed revenue recognised as a contract liability.

### C3-3 Borrowings

	2022 Current \$ '000	2022 Non-current \$ '000	2021 Current \$ '000	2021 Non-current \$ '000

– Loans - secured	–	–
– Loans - Newcastle Airport	25,600	10,150
<b>Total undrawn financing arrangements</b>	<b>28,913</b>	<b>13,461</b>

#### Breaches and defaults

During the current year, up to and including 30 June 2022, there were no defaults or breaches on any of the loans.

#### Security over loans

Security provided by Council is by way of a deemed charge over Council's rates income.

#### Bank overdrafts

Council has an intraday overdraft facility on its main operating account which is utilised on occasion.

#### Accounting policy

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Income Statement over the period of the borrowings using the effective-interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the drawdown occurs. To the extent that there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Statement of Financial Position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in other income or finance cost.

Borrowings are classified as current liabilities unless Council has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

#### Loan covenants

Under the terms of a major borrowing facility, Council is required to comply with the following financial covenant:

- The debt ratio does not exceed 40%

Council has complied with this covenant throughout the reporting period. As at 30 June 2022 the debt ratio was 13%.

## C3-4 Employee benefit provisions

	2022 Current \$ '000	2022 Non-current \$ '000	2021 Current \$ '000	2021 Non-current \$ '000
Annual leave	11,226	–	10,575	–
Sick leave	4,790	–	5,502	–
Long service leave	18,933	969	19,711	977
Termination benefits	–	–	258	–
Other	37	–	23	–
<b>Total employee benefit provisions</b>	<b>34,986</b>	<b>969</b>	<b>36,069</b>	<b>977</b>

	2022 \$ '000	2021 \$ '000
<b>Current employee benefit provisions not expected to be settled within the next 12 months</b>	<b>23,047</b>	24,196

### Accounting policy

Employee benefit provisions are presented as current liabilities in the Statement of Financial Position if Council does not have an unconditional right to defer settlement for at least 12 months after the reporting date, regardless of when the actual settlement is expected to occur. As such, all annual leave and accumulating sick leave is presented as current.

### Short-term obligations

Liabilities for wages and salaries (including annual leave and termination benefits expected to be wholly settled within 12 months after the end of the period in which the employees render the related service) are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave and termination benefits are recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

### Other long-term employee benefit obligations

The liability for long-service leave, accumulating sick leave and annual leave that is not expected to be wholly settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the end of the reporting period on Commonwealth government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

### On-costs

The employee benefit provisions include the aggregate on-cost liabilities that will arise when payment of current employee benefits is made in future periods.

These amounts include superannuation and workers compensation expenses which will be payable upon the future payment of certain leave liabilities which employees are entitled to at the reporting period.

## C3-5 Provisions

	2022 Current \$ '000	2022 Non-Current \$ '000	2021 Current \$ '000	2021 Non-Current \$ '000

Amounts used (payments)	(1,330)	(441)	–	(1,771)
Total provisions at end of year	6,310	80,079	10	86,399

## Nature and purpose of provisions

### Asset remediation

The provision for asset remediation represents the present value of the future estimated costs Council will incur to remove, restore and remediate sites as a result of past and/or current operations.

### Self insurance

Self insurance provisions represent both (i) claims incurred but not reported and (ii) claims reported and estimated as a result of Council being a self insurer up to certain levels of excess.

### Other

Other provisions represent the present value of a make good condition clause for the end of term of a lease where Council is the lessee.

## Accounting policy

Provisions are recognised when Council has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the reporting date. The discount rate used to determine the present value reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as an interest expense.

## C3-5 Provisions (continued)

---

### Provisions for close-down and restoration, and environmental clean-up costs

#### Restoration

Close-down and restoration costs include the dismantling and demolition of infrastructure, and the removal of residual materials and remediation of disturbed areas. Estimated close-down and restoration costs are provided for in the accounting period when the obligation arising from the related disturbance occurs, whether this occurs during the development or during the operation phase, based on the net present value of estimated future costs.

Provisions for close-down and restoration costs do not include any additional obligations which are expected to arise from future disturbance. The costs are estimated on the basis of a closure plan. The cost estimates are calculated annually during the life of the operation to reflect known developments, e.g. updated cost estimates and revisions to the estimated lives of operations, and are subject to formal review at regular intervals.

#### Rehabilitation

Where rehabilitation is conducted systematically over the life of the operation, rather than at the time of closure, provision is made for the estimated outstanding continuous rehabilitation work at each reporting date, and the cost is charged to the Income Statement.

Provision is made for the estimated present value of the costs of environmental clean-up obligations outstanding at the reporting date. These costs are charged to the Income Statement. Movements in the environmental clean-up provisions are presented as an operating cost, except for the unwinding of the discount which is shown as a borrowing cost.

The ultimate cost of environmental remediation is uncertain and cost estimates can vary in response to many factors, including changes to the relevant legal requirements, the emergence of new restoration techniques, or experience at other locations. The expected timing of expenditure can also change. As a result, there could be significant adjustments to the provision for close down and restoration and environmental clean-up, which would affect future financial results.

Other movements in the provisions for close-down and restoration costs, including those resulting from new disturbance, updated cost estimates, changes to the estimated lives of operations, and revisions to discount rates, are capitalised within infrastructure, property, plant and equipment. These costs are then depreciated over the lives of the assets to which they relate.

#### Self insurance

Council has decided to self insure for workers compensation. A provision for self insurance has been made to recognise outstanding claims. Council also maintains cash security with the State Insurance Regulatory Authority (SIRA) to meet expected future claims; refer to Note C1-3.

## C4 Reserves

### C4-1 Nature and purpose of reserves

---

#### **Infrastructure, property, plant and equipment revaluation reserve**

The infrastructure, property, plant and equipment (IPPE) revaluation reserve is used to record increments and decrements in the revaluation of infrastructure, property, plant and equipment.

## D Council structure

### D1 Interests in other entities

	Council's share of net assets	
	2022 \$ '000	2021 \$ '000
<b>Council's share of net assets</b>		
<b>Net share of interests in joint ventures and associates using the equity method – assets</b>		
Associates	548	718
<b>Total Council's share of net assets</b>	<b>548</b>	<b>718</b>

#### D1-1 Interests in joint arrangements

##### Joint operations

Principal activity	Principal place of business	Percentage owned (%)		
		2022	2021	
<b>(a) Council is involved in the following joint operations (JO's)</b>				
<b>Name of joint operation:</b>				
Newcastle Airport Partnership	Civil aviation facilities	Williamtown	50%	50%
Greater Newcastle Aerotropolis Partnership	Civil aviation facilities	Williamtown	50%	50%

The percentage ownership interest held is equivalent to the percentage voting rights for all joint arrangements. All joint arrangements have the same year end as Council.

Council has entered into two joint arrangements; Newcastle Airport Partnership, and Greater Newcastle Aerotropolis Partnership. Both entities have a principal place of business of Williamtown, NSW. Under these arrangements, the partners hold rights to their share of assets and liabilities of the entities, and their unanimous consent is required for decisions regarding the relevant activities of the entities. Council has therefore classified these arrangements as joint operations and has included its interests in the assets, liabilities, revenue and expenses of the partnerships in the appropriate line items of the Statement of Financial Position and Income Statement respectively.

##### Accounting policy

Council has determined that it has joint operations.

##### Joint operations

In relation to its joint operations, where Council has the rights to the individual assets and obligations arising from the arrangement, Council has recognised:

- its assets, including its share of any assets held jointly
- its liabilities, including its share of any liabilities incurred jointly
- its share of the revenue from the sale of the output by the joint operation
- its expenses, including its share of any expenses incurred jointly

These figures are incorporated into the relevant line item in the primary statements.

## D1-2 Interests in associates

### Associates

	Principal place of business	Nature of relationship	Percentage owned (%)	
			2022	2021
Arrow Collaborative Services Limited	Thornton, NSW	Associate	19%	19%

The percentage ownership interest held is not equivalent to the percentage voting rights for all associates. Voting rights held in Arrow Collaborative Services Limited are at 9%. Council has determined it has significant influence through its board representation and the ability to participate in policy-making decisions.

### Details

	Principal activity	Measurement method
Arrow Collaborative Services Limited	Provider of services to local government throughout the Hunter Region	Equity

Council has an interest in Arrow Collaborative Services Limited, along with other participating councils of Hunter Joint Organisation (Hunter JO). The activities of this organisation are not controlled by any one Council.

Arrow Collaborative Services Limited (and its wholly owned subsidiaries Hunter Councils Legal Services Limited and Arrow Collaborative Communications) are companies limited by guarantee under the *Corporations Act 2001 (Cth)* and established to improve the quality and efficiency of local government service throughout the Hunter Region. These organisations offer tailored local government services through its five divisions; Local Government Training Institute, Local Government Legal, GoodChat TV, Regional Procurement, Screen Hunter (which, under delegation from member councils, licences film production on council owned and controlled land), and the Hunter JO Policy & Programs Division (which delivers on the strategic priorities of the Hunter JO, including the Hunter and Central Coast Regional Environment Program, on behalf of both Hunter JO member councils and Central Coast Council).

City of Newcastle has representation on the Arrow Collaborative Services Limited Board, and shares ownership and governance of the entity with the other member councils of the Hunter Region.

The following information is provided for associates that are individually material to the group. Included are the amounts as per the individual associates' financial statements, adjusted for fair value adjustments at acquisition date and differences in accounting policies, rather than the group's share.

## D1-2 Interests in associates (continued)

### Summarised financial information for associates

	<b>Arrow Collaborative Services Limited</b>

<b>Closing net assets</b>	<b>2,810</b>	<b>3,683</b>
<b>Council's share of net assets (%)</b>	<b>19%</b>	<b>19%</b>
<b>Council's share of net assets (\$) ^</b>	<b>548</b>	<b>718</b>

(^) Council's share of net assets (\$) represent the quoted fair value of investment

### Accounting policy

Interests in associates are accounted for using the equity method in accordance with AASB128 *Investments in Associates and Joint Ventures*. Under this method, the investment is initially recognised at cost and the carrying amount is increased or decreased to recognise the Council's share of the profit or loss and other comprehensive income of the investee after the date of acquisition.

If Council's share of losses of an associate equals or exceeds its interest in the associate, Council discontinues recognising its share of further losses.

Council's share in the associate's gains or losses arising from transactions between itself and its associate are eliminated.

Adjustments are made to the associate's accounting policies where they are different from those of Council for the purposes of the consolidated financial statements.

## E Risks and accounting uncertainties

### E1-1 Risks relating to financial instruments held

Council's activities expose it to a variety of financial risks including price risk, credit risk, liquidity risk and interest rate risk.

Council's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of Council.

Financial risk management is carried out by Council's finance section under policies approved by Council.

The fair value of cash and cash equivalents, receivables, payables, borrowings and investments at fair value through profit and loss approximates the carrying amount.

For those financial assets where the total values don't approximate the carrying value, a comparison of the carrying amounts and fair values is presented below.

	<b>Carrying value</b> <b>2022</b> <b>\$ '000</b>	Carrying value 2021 \$ '000	<b>Fair value</b> <b>2022</b> <b>\$ '000</b>	Fair value 2021 \$ '000
--	--	-----------------------------------	--	-------------------------------

#### Financial assets

##### Measured at amortised cost

Investments

– Debt securities at amortised cost	<b>244,383</b>	303,543	<b>241,774</b>	305,829
-------------------------------------	----------------	---------	----------------	---------

Council's objective is to maximise its return on cash and investments while maintaining an adequate level of liquidity and preserving capital. Council's Finance area manages the cash and investments portfolio with the assistance of independent advisors.

Council has an investment policy which complies with the *Local Government Act 1993* and Ministerial Investment Order 625. This policy is regularly reviewed by Council staff and an investment report is tabled before Council on a monthly basis setting out the portfolio breakup and its performance as required by local government regulations.

The risks associated with the instruments held are:

- **Price risk** – the risk that the capital value of investments may fluctuate due to changes in market prices, whether their changes are caused by factors specific to individual financial instruments or their issuers or are caused by factors affecting similar instruments traded in a market.
- **Interest rate risk** – the risk that movements in interest rates could affect returns and income.
- **Liquidity risk** – the risk that Council will not be able to pay its debts as and when they fall due.
- **Credit risk** – the risk that the investment counterparty will not complete their obligations particular to a financial instrument, resulting in a financial loss to Council – be it of capital or income in nature.

Council manages these risks (amongst other measures) by diversifying its portfolio and only purchasing investments in accordance with the established risk management framework within the Council's Investment and Borrowing Policy.

Council also seeks advice from independent advisors, where deemed appropriate, before placing any funds in cash equivalents and investments.

## E1-1 Risks relating to financial instruments held (continued)

### (a) Market risk – interest rate and price risk

	<b>2022</b>	2021
	<b>\$ '000</b>	\$ '000
The impact on result for the year and equity of a reasonably possible movement in the price of investments held and interest rates is shown below. The reasonably possible movements were determined based on historical movements and economic conditions in place at the reporting date.		
Impact of a 1% movement in interest rates		
– Equity / Income Statement	<b>2,162</b>	2,453
Impact of a 10% movement in price of investments		
– Equity / Income Statement	<b>4,372</b>	3,381

### (b) Credit risk

Council's major receivables comprise (i) rates and annual charges and (ii) user charges and fees.

The major risk associated with these receivables is credit risk i.e. the risk that debts due and payable to Council may not be repaid in full. Council manages this risk by monitoring outstanding debt and employing stringent debt recovery procedures. Council also encourages ratepayers to pay their rates by the due date through incentives.

The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

There are no significant concentrations of credit risk, whether through exposure to individual customers, specific industry sectors and/or regions. The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivable in the financial statements.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance. Council makes suitable provision for doubtful receivables as required.

There are no material receivables that have been subjected to a re-negotiation of repayment terms.

#### Credit risk profile

##### Receivables – rates and annual charges

Credit risk on rates and annual charges is minimised by the ability of Council to secure a charge over the land relating to the debts – that is, the land can be sold to recover the debt. Council is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages the payment of debt.

	<b>Not yet overdue \$ '000</b>	<b>overdue rates and annual charges</b>		<b>Total \$ '000</b>
		<b>&lt; 5 years \$ '000</b>	<b>≥ 5 years \$ '000</b>	
<b>2022</b>				
Gross carrying amount	<b>106</b>	<b>5,794</b>	<b>600</b>	<b>6,500</b>
<b>2021</b>				
Gross carrying amount	117	6,710	600	7,427

## E1-1 Risks relating to financial instruments held (continued)

### Receivables - non-rates and annual charges and contract assets

Council applies the simplified approach for non-rates and annual charges debtors and contract assets to provide for expected credit losses prescribed by AASB 9, which permits the use of the lifetime expected loss provision at inception. The expected credit losses incorporate forward-looking information. To measure the expected credit losses, non-rates and annual charges debtors and contract assets have been grouped based on shared credit risk characteristics and the days past due.

The loss allowance provision as at 30 June 2022 is determined as follows:

	Not yet overdue \$ '000	0 - 30 days \$ '000	Overdue debts 31 - 60 days \$ '000	61 - 90 days \$ '000	> 90 days overdue \$ '000	Total \$ '000
<b>2022</b>						
Gross carrying amount	9,718	11,066	3,197	425	2,240	26,646
Expected loss rate (%)	0.00%	0.05%	1.25%	8.83%	22.61%	2.21%
<b>ECL provision</b>	<b>-</b>	<b>6</b>	<b>40</b>	<b>38</b>	<b>506</b>	<b>590</b>
<b>2021</b>						
Gross carrying amount	5,157	5,894	3,074	1,054	2,536	17,715
Expected loss rate (%)	0.00%	2.53%	5.71%	5.80%	15.59%	4.41%
<b>ECL provision</b>	<b>-</b>	<b>149</b>	<b>176</b>	<b>61</b>	<b>395</b>	<b>781</b>

### (c) Liquidity risk

Payables, lease liabilities and borrowings are subject to liquidity risk – the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due.

Council manages this risk by monitoring its cash flow requirements and liquidity levels, and maintaining an adequate cash buffer. Payment terms can, in extenuating circumstances, be extended and overdraft facilities utilised as required.

Borrowings are also subject to interest rate risk – the risk that movements in interest rates could adversely affect funding costs and debt servicing requirements. Council manages this risk through diversification of borrowing types, maturities and interest rate structures. The Finance service unit regularly reviews interest rate movements to determine if it would be advantageous to refinance or renegotiate part or all of the loan portfolio.

The timing of cash flows presented in the table below to settle financial liabilities reflects the earliest contractual settlement dates. The timing of expected outflows is not expected to be materially different from contracted cashflows.

The amounts disclosed in the table are the undiscounted contracted cash flows for non-lease liabilities and, therefore, the balances in the table may not equal the balances in the Statement of Financial Position due to the effect of discounting.

	Weighted average interest rate %	Subject to no maturity \$ '000	≤ 1 Year \$ '000	payable in: 1 - 5 Years \$ '000	> 5 Years \$ '000	Total cash outflows \$ '000	Actual carrying values \$ '000
<b>2022</b>							
Payables	0.00%	1,638	50,570	165	-	52,373	52,373

<b>Total financial liabilities</b>		<b>1,472</b>	<b>53,284</b>	<b>50,202</b>	<b>33,251</b>	<b>138,209</b>	<b>111,991</b>

## E2-1 Fair value measurement

Council measures the following asset and liability classes at fair value on a recurring basis:

- infrastructure, property plant and equipment
- investment property
- financial assets

During the reporting period Council has also measured the following asset class on a non-recurring basis:

- non-current assets classified as held for sale

Council measures non-current assets classified as held for sale at the lower of carrying amount and fair value less costs to sell. Therefore measurement is on a non-recurring basis when the carrying amount exceeds the fair value.

### (a) Fair value hierarchy

All assets and liabilities measured at fair value are assigned to a level in the fair value hierarchy as follows:

**Level 1:** Unadjusted quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date

**Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

**Level 3:** Inputs for the asset or liability that are not based on observable market data; i.e unobservable inputs

The table below shows the assigned level for each asset and liability held at fair value by Council:

\$ '000	Notes	Fair value measurement hierarchy				Total	
		Level 2 Significant observable inputs		Level 3 Significant unobservable inputs		2022	2021
		2022	2021	2022	2021	2022	2021
<b>Recurring fair value measurements</b>

### (b) Transfers between levels in the fair value hierarchy

Council's policy for determining transfers between fair value hierarchies is to make an assessment at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy during the year.

### (c) Valuation techniques

Where Council is unable to derive valuations using quoted market prices of identical assets; i.e Level 1 inputs, Council instead utilises a spread of both observable inputs (Level 2) and unobservable inputs (Level 3).

The fair valuation techniques Council has employed while utilising Level 2 and Level 3 inputs are as follows:

#### Financial assets

This asset class comprises funds invested into TCorp's Individually Managed Long Term Growth Fund.

The valuation applied to this fund is based on readily available and observable summary statements prepared and provided by the fund arranger, however, no active market exists for the fund as it is only accessible to government agencies.

Council's financial asset holding consists of an identifiable number of units held in the fund unit trust.

#### Investment property

The best evidence of fair value is the current price in an active market for similar assets. The following information is used where necessary:

- Current prices in an active market for different types of properties or similar properties in a less active market;
- Discounted cash flow projections based on management's best estimates of future rental income and expenditure.

Typically, Council obtains independent valuations for its investment property portfolio on an annual basis and, at the end of each reporting period, the financial statements reflect the most up-to-date valuation. A full revaluation is performed every three years and a desktop valuation every other year.

At 30 June 2022, valuations for two of Council's Investment properties were included in Level 3 of the hierarchy. The key unobservable input in these valuations is the price per metre.

The fair value of Council's Investment properties is determined by independent, qualified valuers who have experience in the location of the properties. Council reviews the valuation reports and discusses significant movements with the valuers. As at 30 June 2022, the desktop valuations of Investment properties was performed by Baker & Magin Valuers, Director A D Magin, AAPI, Certified Practising Valuer (Business), Registered No. 2568.

## E2-1 Fair value measurement (continued)

### Infrastructure, property, plant and equipment (IPPE)

#### Plant & equipment, Office equipment, Furniture & fittings and Other assets

Plant & equipment, Office equipment, Furniture & fittings and Other assets are valued at cost but are disclosed at fair value in the notes. The carrying amount of these assets is assumed to approximate fair value due to the nature of the items. Examples of assets within these classes are as follows:

- Plant and equipment - motor vehicles, trucks, tractors, ride-on mowers, street sweepers, compactors and earthmoving equipment
- Office Equipment - computer equipment, projectors, refrigerators, cameras and photocopiers
- Other assets - musical instruments

The key unobservable inputs to the valuation are internal factors surrounding the remaining useful life, pattern of consumption, asset condition and residual value. Where items are of a material value, Council reviews the value of these assets against quoted prices for the gross current replacement cost of similar assets and by taking into account the unobservable inputs mentioned.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

#### Operational land

This asset class comprises all of Council's land classified as Operational land under the *NSW Local Government Act 1993*. The key unobservable input to the valuation is market value.

Council's operational land is valued using market valuations with a comprehensive valuation completed and revalued every five years. The most recent full valuation was performed by Scott Fullarton Valuations Pty Ltd, Scott Fullarton FAPI CPP, Certified Practising Valuer, API Membership No. 67557, at 30 June 2018. At each reporting period carrying amount of assets is assessed against fair value for any material differences. As at 30 June 2022, Council performed a desktop valuation of operation land.

Council's operational land is reviewed for impairment and any material changes in value after identifying all elements that would be taken into account by buyers and sellers in setting the price, including but not limited to zoning, topography, location, size, shape, access, exposure to traffic and businesses. The condition of the asset and its future cash flows are also considered when determining the fair value.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

#### Community and Crown land

Council's 'Community and Crown' land (including owned by Council, the Crown and various other Government Agencies that are managed by Council) by definition is land intended for public access and use or where other restrictions applying to the land create some obligation to maintain public access (such as a trust deed, dedication under section 7.11 of the *Environment Planning and Assessment Act 1979*). This gives rise to the restrictions in the Act, intended to preserve the qualities of the land.

Community and Crown land:

- Cannot be sold;
- Cannot be leased, licensed, or any other estate granted over the land for more than 21 years and;
- Must have a plan of management for it.

Valuations of all Council's Community land and Council managed land were based on the Unimproved Capital Values (UCV) provided by the Valuer-General which are not considered to be observable market evidence, therefore have been classified as Level 3.

Full revaluations of community and crown land are performed at least every 5 years, however at each reporting period carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed as at 30 June 2019 by applying Valuer-General land values. As at 30 June 2022, Council performed a desktop valuation of community land.

## E2-1 Fair value measurement (continued)

### Land under roads

Land under roads (LUR) is land under roadways and road reserves including land under footpaths, nature strips and median strips. Council has elected not to recognise LUR acquired before 1 July 2008, in accordance with AASB 1051 Land Under Roads.

LUR acquired after 1 July 2008 is recognised in accordance with AASB 116 Property, Plant and Equipment. Council recognised this asset for the first time in financial year 2008/09. LUR was valued in accordance with the Australian Accounting Standard AASB 116 Property, Plant and Equipment, and the Code of Accounting Practice and Financial Reporting.

A full revaluation of LUR values was performed at 30 June 2019 using a valuation of Council's total LUR at the average unit rate of land and applying discounting factors which reflect the restrictions placed on such assets. This asset class is classified as Level 3 in the fair value hierarchy as significant inputs used in this methodology are unobservable.

There has been no change to the valuation process during the reporting period.

### Depreciable land improvements

The land improvements asset class consists of sports field drainage, irrigation and spear points. These assets may be located in parks, reserves and sporting fields.

Land improvements were valued in-house using the cost approach by experienced Council engineers and asset management staff. The cost approach has been utilised whereby the replacement cost was estimated for each asset by taking into account a range of factors. Inputs such as estimates of pattern of consumption, residual value, asset condition and useful life required extensive professional judgement and impacted significantly on the final determination of fair value.

Full revaluations of Land Improvements - Depreciable occur at least every 5 years, the most recent performed internally at 30 June 2021. This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### Buildings – Non-specialised and Specialised

Non-specialised buildings include commercial and general purpose buildings for which there is a secondary market. Specialised buildings are buildings designed for a specific limited purpose. Such buildings would include specialised buildings to house specialised infrastructure or plant and some heritage properties.

Council's buildings are revalued every five years with the most recent full valuation undertaken as at 30 June 2018. Valuations were performed by external valuers Scott Fullarton Valuations Pty Ltd, GHD and Knight Frank Newcastle. At each reporting period carrying amount of assets is assessed against fair value for any material differences. As at 30 June 2022, Council performed a desktop valuation of specialised buildings.

#### **Non-Specialised Buildings**

The market sale approach to the valuation of assets comprises reference to market evidence of the sale of the identical and or similar assets. The valuation aspects are generally, but not limited to, the location, size, condition, style and utility of the asset. Since most of these inputs require judgement and are unobservable, the asset class has been classified as Level 3.

There has been no change to the valuation process during the reporting period.

#### **Specialised Buildings**

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted.

This approach estimates the replacement cost for each building by componentising the building (for complex structures) into significant parts with different useful lives and taking into account a range of factors such as the remaining useful life of the asset, condition, pattern of consumption and residual value.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

#### **Other Structures**

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted. This asset class comprises of Council's outdoor shelters, monuments, floodlighting systems, Summerhill waste disposal cells, fencing and other smaller structures.

## E2-1 Fair value measurement (continued)

The cost approach has been utilised whereby the replacement cost was estimated for each asset by taking into account a range of factors and by componentising its significant parts where applicable. Inputs such as estimates of pattern of consumption, residual value, asset condition and useful life required extensive professional judgement and impacted significantly on the final determination of fair value.

Full revaluations of other structures are performed at least every 5 years, however at each reporting period carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed at 30 June 2021 by engaging both internal experts and external valuers (AssetVal and Aurecon). This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### Roads

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted.

This asset class comprises the following road components – surface, pavement, kerb & gutter and roadside furniture.

The cost approach was utilised to value roads by componentising the assets into significant parts and then rolling up these component values to provide an overall road valuation (for each road segment) within Council's asset system. Input estimates such as the replacement costs (based on unit rates), pattern of consumption, asset condition and useful life required significant professional judgement which impacted significantly on the final determination of fair value.

Full revaluations of road assets are performed at least every 5 years, however, at each reporting period the carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed at 30 June 2020 using the methodology outlined above. As at 30 June 2022, Council performed a desktop valuation of Road assets.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### Bridges

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted.

Bridges were valued in house by experienced Council engineering staff, with condition data collected in house and unit rates provided by independent external consultant Vasey Consulting. This asset class is componentised into significant parts, comprising of the Bridge Substructure, Superstructure and Handrail/Guardrail, each with differing useful lives.

The replacement cost for each bridge component has been supplied by Vasey Consulting based on unit rate calculations. In order to calculate condition based depreciation and fair value, other input estimates like the useful life, condition ratings, residual value and pattern of consumption have been used. These inputs require significant professional judgement, therefore this asset class has been categorised as Level 3.

Full revaluations of bridges are performed at least every 5 years, however, at each reporting period the carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed at 30 June 2020 using the methodology outlined above.

### Footpaths

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted. This asset class comprises the following road components – footpaths.

Replacement costs (unit rates) and useful lives of Council's footpaths were determined using technical knowledge. Input estimates such as the replacement costs (based on unit rates), pattern of consumption, asset condition and useful life requiring significant professional judgement impacted significantly on the final determination of fair value.

Full revaluations of footpath assets are performed at least every 5 years, however at each reporting period carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed internally as at 30 June 2020. As at 30 June 2022, Council performed a desktop valuation of Footpath assets.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

## E2-1 Fair value measurement (continued)

There has been no change to the valuation process during the reporting period.

### **Bulk earthworks (non-depreciable)**

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted.

The cost approach estimated the replacement cost for each asset taking into account a range of factors. Input estimates such as the replacement costs (based on unit rates) required significant professional judgement which impacted significantly on the final determination of fair value.

Full revaluations of bulk earthworks assets are performed at least every 5 years, however at each reporting period carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed internally as at 30 June 2020. As at 30 June 2022, Council performed a desktop valuation of Bulk earthwork assets.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### **Stormwater drainage**

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted.

Council's drainage assets comprise pits, pipes, culverts, stormwater quality improvement devices, headwalls, open channels - civil, constructed water courses and tidal gates used to collect, store and remove stormwater.

The cost approach estimated the replacement cost for each asset with differing useful lives and taking into account a range of factors. Inputs such as estimates of the pattern of consumption, asset condition and useful life required extensive professional judgement and impacted significantly on the final determination of fair value. Additionally due to limitations in the historical records of very long lived underground assets there is uncertainty regarding the actual design, specifications and dimensions of some assets.

Full revaluations of stormwater drainage assets are performed at least every 5 years, however at each reporting period carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed internally as at 30 June 2020. As at 30 June 2022, Council performed a desktop valuation of Stormwater drainage assets.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### **Swimming pools**

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted.

This asset class comprises Council's outdoor swimming pools and ocean bath shells.

The cost approach has been utilised whereby the replacement cost was estimated for each asset by taking into account a range of factors and by componentising its significant parts where applicable. Inputs such as estimates of pattern of consumption, residual value, asset condition and useful life required extensive professional judgement and impacted significantly on the final determination of fair value.

Full revaluations of swimming pool assets are performed at least every 5 years, however at each reporting period carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed as at 30 June 2021 by engaging internal expertise and external valuers (AssetVal).

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### **Other open space/recreational assets**

In determining the current cost of a specialised asset, reference is made to the cost of replacing the assets service potential and in doing so the Modern Engineering Equivalent Replacement Asset (MEERA) is adopted.

This asset class comprises Council's outdoor skate facilities, sporting facilities, playgrounds and other smaller recreational assets.

## E2-1 Fair value measurement (continued)

---

The cost approach has been utilised whereby the replacement cost was estimated for each asset by taking into account a range of factors and by componentising its significant parts where applicable. Inputs such as estimates of pattern of consumption, residual value, asset condition and useful life required extensive professional judgement and impacted significantly on the final determination of fair value.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

Full revaluations of Other Open space/recreational assets are performed at least every 5 years, however at each reporting period carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed at 30 June 2021 by engaging both internal experts and external valuers (Kico and AssetVal).

There has been no change to the valuation process during the reporting period.

### Other infrastructure

The Other infrastructure asset class consists of ground level car parks, retaining walls, river and sea walls, boat ramps and other infrastructure assets. These assets may be located on parks, reserves and sporting fields.

Other infrastructure assets were valued in-house using the cost approach by experienced Council engineers and asset management staff. The cost approach has been utilised whereby the replacement cost was estimated for each asset by taking into account a range of factors. Inputs such as estimates of pattern of consumption, residual value, asset condition and useful life required extensive professional judgement and impacted significantly on the final determination of fair value.

Full revaluations of other infrastructure assets are performed at least every 5 years, however at each reporting period carrying amount of assets is assessed against fair value for any material differences. The most recent full revaluation was performed internally at 30 June 2021.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### Heritage collections

Assets within this class comprise of Art Gallery and Museum collections. Market value is used to determine the fair value of the Art Gallery and Museum collections at least every 5 years.

Due to the specialised nature of the heritage collections, Council engaged two independent valuers for the Art Gallery collection and an independent valuer for the Museum collection. These independent qualified valuers provided market valuations for the collections representing fair value at the end of the reporting period.

The most recent full revaluation of the Heritage collections was at 30 June 2020; with the valuation of the Art Gallery collection performed by Annette Larkin Fine Art and Daniel McOwan, while the valuation of the Museum collection was performed by Ravenswick. As at 30 June 2022, Council performed a desktop valuation of Heritage assets.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### Library books

This asset category comprises of assets such as media, fiction, non fiction, rare (heritage) books, research books and local studies. Library Books are valued at cost but are disclosed at fair value in the notes. The carrying amount of these assets is assumed to approximate fair value due to the nature of the items.

The most recent full revaluation was performed at 30 June 2021. The rare (heritage) books collection was valued by external valuer Simon Taaffe using the market approach. The remainder of library books were valued internally. Where items were of a material value, Council reviewed the value of these assets against quoted prices for the gross current replacement cost of similar assets and by taking account of the pattern of consumption, estimated remaining useful life and the residual value.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

## E2-1 Fair value measurement (continued)

---

### **Waste management asset**

The Summerhill Waste Management Centre encompasses a landfill operation as well as a wide range of waste disposal services, resource recovery services, recycled and reclaimed products, and waste management educational activities. It has been recognised that there will be significant costs associated with the closure and post closure management of the landfill site.

Closure of the landfill will involve a wide range of activities including preparation of a Landfill Closure and Management Plan, final capping of the landfill waste and site re-vegetation, revision of the surface water management system and leachate management infrastructure to suit post-closure operation, decommissioning and removing infrastructure and equipment that will not be required post-closure, and fencing sensitive infrastructure.

An evaluation of costs for the landfill closure and post closure management was prepared by Summerhill's senior management during 2015. Council reviews and updates the cost model annually, which ensures the waste management asset reflects fair value at the end of each reporting period. The key unobservable inputs are the discount rate, cost escalation rate, actual timing of costs and future environmental management requirements.

This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

### **Newcastle Airport**

Council participates in two joint operations with Port Stephens Council for the operation of civil aviation facilities at Newcastle Airport. Under this structure, the partners hold the rights to their share of the assets and obligations of the partnership.

This asset category comprises of property, plant, equipment and infrastructure assets. The carrying amount of these assets is assumed to approximate fair value due to the nature of the items.

The key unobservable inputs to the valuation are internal factors surrounding the remaining useful life, pattern of consumption, asset condition and residual value. This asset class is categorised as Level 3 as some of the above-mentioned inputs used in the valuation of these assets require significant professional judgement and are therefore unobservable.

There has been no change to the valuation process during the reporting period.

## E2-1 Fair value measurement (continued)

### (d) Reconciliation of movements

A reconciliation of the movements in recurring fair value measurements allocated to Level 3 of the hierarchy is provided below:

	Notes	Total	
		2022 \$ '000	2021 \$ '000
<b>Opening balance</b>		<b>1,555,178</b>	1,487,073
<b>Total gains or losses for the period</b>			
Recognised in profit or loss – realised	B2-6,B3-5	<b>1,000</b>	2,865
<b>Other movements</b>			
Transfers from/(to) level 2 FV hierarchy		–	(4,412)
Transfers from/(to) another asset class		<b>20,618</b>	42,279
Purchases (GBV)		<b>26,166</b>	52,319
Disposals (WDV)		<b>(6,324)</b>	(12,364)
Depreciation and impairment		<b>(55,076)</b>	(52,780)
Revaluation increment (decrement)		<b>148,335</b>	40,198
<b>Closing balance</b>		<b>1,689,897</b>	1,555,178

## Note E2-1 Fair value measurement (continued)

### (e) Fair value measurements using significant observable inputs (Level 3)

The following table summarises the quantitative information relating to the significant unobservable inputs used in deriving the various Level 3 asset class fair values.

#### Investment properties

Class	Fair value 2022 \$'000	Valuation technique(s)	Unobservable inputs	Range of inputs	Relationship of unobservable inputs to fair value
Investment properties	14,990	Market Value	<ul style="list-style-type: none"> <li>Estimated rental value (rate per square metre)</li> <li>Rental yield</li> <li>Capitalisation rates of similar properties</li> </ul>	<ul style="list-style-type: none"> <li>\$ per sqm</li> <li>5% - 8%</li> <li>5% - 8%</li> </ul>	Significant changes in the market value, estimated rental yield and recent sales prices of similar properties would result in significant changes to fair value measurement.

#### Infrastructure, property, plant and equipment

Class	Fair value 2022 \$'000	Valuation technique(s)	Unobservable inputs	Range of inputs	Relationship of unobservable inputs to fair value
Plant & equipment	18,975	Cost approach	<ul style="list-style-type: none"> <li>Current replacement cost of modern equivalent asset</li> <li>Remaining useful life</li> </ul>	<ul style="list-style-type: none"> <li>Varies significantly from asset to asset</li> <li>0 to 50 years</li> </ul>	Significant changes in the gross replacement value, asset condition, pattern of consumption affecting the remaining useful life or residual value would result in significant changes to fair value measurement.
Office equipment	2,830	Cost approach	<ul style="list-style-type: none"> <li>Current replacement cost of modern equivalent asset</li> <li>Remaining useful life</li> </ul>	<ul style="list-style-type: none"> <li>Varies significantly from asset to asset</li> <li>0 to 5 years</li> </ul>	Significant changes in the gross replacement value, asset condition, pattern of consumption affecting the remaining useful life or residual value would result in significant changes to fair value measurement.
Furniture & fittings	16,965	Cost approach	<ul style="list-style-type: none"> <li>Current replacement cost of modern equivalent asset</li> <li>Remaining useful life</li> </ul>	<ul style="list-style-type: none"> <li>Varies significantly from asset to asset</li> <li>0 to 25 years</li> </ul>	Significant changes in the gross replacement value, asset condition, pattern of consumption affecting the remaining useful life or residual value would result in significant changes to fair value measurement.
Operational land	145,681	Market value	<ul style="list-style-type: none"> <li>Total value of land</li> </ul>	<ul style="list-style-type: none"> <li>Unit rates (\$ per sq metre) variable dependent on site</li> </ul>	Significant changes in the rate per square metre would result in significant changes to fair value measurement.
Community land	79,492	Valuer General (VG) valuation	<ul style="list-style-type: none"> <li>Average unit rate based on VG valuations</li> </ul>	<ul style="list-style-type: none"> <li>VG assessment</li> </ul>	Significant changes in the unimproved capital value would result in significant changes to fair value measurement.

## Note E2-1 Fair value measurement (continued)

Class	Fair value 2022 \$'000	Valuation technique(s)	Unobservable inputs	Range of inputs	Relationship of unobservable inputs to fair value
Crown land	33,903	Valuer General (VG) valuation	<ul style="list-style-type: none"> <li>Average unit rate based on VG valuations</li> </ul>	<ul style="list-style-type: none"> <li>VG assessment</li> </ul>	Significant changes in the unimproved capital value would result in significant changes to fair value measurement.
Land under roads	10,132	Discounted average land value approach	<ul style="list-style-type: none"> <li>Average unit rate based on total land valuation</li> <li>Discounting factors</li> </ul>	<ul style="list-style-type: none"> <li>Unit rate (\$ per square metre) based on total land within area of control</li> <li>65% adjustment factor for Englobo value and 25% for access rights (cumulative discount of 90%)</li> </ul>	Significant changes in the unimproved capital value would result in significant changes to fair value measurement.
Depreciable land improvements	3,898	Cost approach	<ul style="list-style-type: none"> <li>Current replacement cost of modern equivalent asset</li> <li>Remaining useful life</li> <li>Asset condition</li> </ul>	<ul style="list-style-type: none"> <li>Varies significantly from asset to asset</li> <li>0 to 50 years</li> <li>Very poor to excellent</li> </ul>	Significant changes in the gross replacement value, asset condition, pattern of consumption affecting the remaining useful life or residual value would result in significant changes to fair value measurement.
Buildings – Non specialised	352	Market value	<ul style="list-style-type: none"> <li>Market value</li> <li>Asset condition</li> </ul>	<ul style="list-style-type: none"> <li>Varies significantly from asset to asset</li> <li>Very poor to excellent</li> </ul>	Significant changes in the market value, asset condition and recent sales prices of similar properties would result in significant changes in fair value measurement.
Buildings – specialised	196,962	Cost approach	<ul style="list-style-type: none"> <li>Current replacement cost of modern Equivalent asset</li> <li>Remaining useful life</li> <li>Asset condition</li> </ul>	<ul style="list-style-type: none"> <li>Varies significantly from asset to asset</li> <li>0 to 100 years</li> <li>Very poor to excellent</li> </ul>	Significant changes in the gross replacement value, asset condition, pattern of consumption affecting the remaining useful life or residual value would result in significant changes to fair value measurement.
Other structures	74,101	Cost approach	<ul style="list-style-type: none"> <li>Current replacement cost of modern equivalent asset</li> <li>Remaining useful life</li> <li>Asset condition</li> </ul>	<ul style="list-style-type: none"> <li>Varies significantly from asset to asset</li> <li>0 to 200 years</li> <li>Very poor to excellent</li> </ul>	Significant changes in the gross replacement value, asset condition, pattern of consumption affecting the remaining useful life or residual value would result in significant changes to fair value measurement.
Roads	360,527	Cost approach	<ul style="list-style-type: none"> <li>Current replacement cost of modern equivalent asset</li> <li>Remaining useful life</li> <li>Asset condition</li> </ul>	<ul style="list-style-type: none"> <li>Varies significantly from asset to asset</li> <li>0 to 120 years</li> <li>Very poor to excellent</li> </ul>	Significant changes in the gross replacement value, asset condition or pattern of consumption affecting the remaining useful life would result in significant changes to fair value measurement.

### (f) Highest and best use

All of Council's non-financial assets are considered as being utilised for their highest and best use.

## E3-1 Contingencies

The following assets and liabilities do not qualify for recognition in the Statement of Financial Position, but their knowledge and disclosure are considered relevant to the users of Council's financial report.

### LIABILITIES NOT RECOGNISED

#### 1. Defined benefit plan

Council is party to an Industry Defined Benefit Plan under the Local Government Superannuation Scheme (Active Super), named The Local Government Superannuation Scheme – Pool B (the Scheme) which is a defined benefit plan that has been deemed to be a 'multi-employer fund' for the purposes of AASB 119 *Employee Benefits* for the following reasons:

- Assets are not segregated within the sub-group according to the employees of each sponsoring employer.
- The contribution rates have been the same for all sponsoring employers. That is, contribution rates have not varied for each sponsoring employer according to the experience relating to the employees of that sponsoring employer.
- Benefits for employees of all sponsoring employers are determined according to the same formulae and without regard to the sponsoring employer.
- The same actuarial assumptions are currently used in respect of the employees of each sponsoring employer.

Given the factors above, each sponsoring employer is exposed to the actuarial risks associated with current and former employees of other sponsoring employers, and hence shares in the associated gains and losses (to the extent that they are not borne by members).

#### *Description of the funding arrangements*

Pooled Employers are required to pay future service employer contributions and past service employer contributions to the Fund.

The future service employer contributions were determined using the new entrant rate method under which a contribution rate sufficient to fund the total benefits over the working lifetime of a typical new entrant is calculated. The current future service employer contribution rates are:

Division B	1.9 times member contributions for non-180 point members; Nil for 180 point members*
Division C	2.5% salaries
Division D	1.64 times member contributions

\* For 180 point members, employers are required to contribute 7.5% of salaries for the year ending 30 June 2022 (increasing to 8.0% in line with the increase in the Superannuation Guarantee) to these members' accumulation accounts, which are paid in addition to members' defined benefits.

The past service contribution for each Pooled Employer is a share of the total past service contributions of \$40 million per annum for 1 July 2019 to 31 December 2021 and \$20 million per annum for 1 January 2022 to 31 December 2024, apportioned according to each employer's share of the accrued liabilities as at 30 June 2021. These past service contributions are used to maintain the adequacy of the funding position for the accrued liabilities.

The adequacy of contributions is assessed at each triennial actuarial investigation and monitored annually between triennials.

#### *Description of the extent to which Council can be liable to the plan for other Council's obligations under the terms and conditions of the multi-employer plan*

As stated above, each sponsoring employer (Council) is exposed to the actuarial risks associated with current and former employees of other sponsoring employers and hence shares in the associated gains and losses.

However, there is no relief under the Fund's trust deed for employers to walk away from their defined benefit obligations. Under limited circumstances, an employer may withdraw from the plan when there are no active members, on full payment of outstanding past service contributions. There is no provision for allocation of any surplus which may be present at the date of withdrawal of Council.

There are no specific provisions under the Fund's trust deed dealing with deficits or surplus on wind-up.

The amount of Council employer contributions to the defined benefit section of the Scheme and recognised as an expense for the year ending 30 June 2022 was \$1,486,563. The last formal valuation of the Fund was undertaken by the Fund Actuary, Richard Boyfield FIAA as at 30 June 2021.

## E3-1 Contingencies (continued)

The amount of past service contributions included in the total employer contribution advised above is \$995,769. Council's expected contribution to the plan (including past service contributions) for the next annual reporting period is \$1,054,489.

The estimated employer reserves financial position for the Pooled Employers at 30 June 2022 is:

Defined Benefit reserves only*	\$millions	Asset Coverage
Assets	2,376.6	
Past Service Liabilities	2,380.7	99.8%
Vested Benefits	2,391.7	99.4%

\* excluding other accumulation accounts and reserves in both assets and liabilities.

The share of this deficit that is broadly attributed to Council is 3.22% as at 30 June 2022.

Council's share of any funding surplus or deficit cannot be accurately calculated as the Scheme is a mutual arrangement where assets and liabilities are pooled together for all member councils. For this reason, no liability for the deficiency has been recognised in Council's accounts. Council has a possible obligation that may arise should the Scheme require immediate payment to correct the deficiency.

The key economic long term assumptions used to calculate the present value of accrued benefits are:

Investment return	5.5% per annum
Salary inflation	3.5% per annum
Increase in CPI	2.5% per annum

The contribution requirements may vary from the current rates if the overall sub-group experience is not in line with the actuarial assumptions in determining the funding program; however, any adjustment to the funding program would be the same for all sponsoring employers in the Pooled Employers group.

Please note that the estimated employer reserves financial position above is a preliminary calculation, and once all the relevant information has been received by the Funds Actuary, the final end of year review will be completed by December 2022.

### 2. Self insurance - workers compensation

Council is a self insurer for workers compensation. A provision for outstanding claims, based on actuarial assessment, has been recognised in Note C3-5.

Under the Workers Compensation Act 1987 self insurers and specialised insurers are required to provide financial security to meet their outstanding workers compensation claim liabilities. Security may take the form of cash, securities, bank guarantees and bonds. As at 30 June 2022, \$6.42 million was invested by State Insurance Regulatory Authority (SIRA) in relation to Council's security requirement as a self insurer. An asset has been recognised in Note C1-11 of Council's accounts for the value of this security deposit. Subsequent to 30 June this year, the security requirement has increased to \$9.279 million.

### 3. Statewide Limited

Council is a member of Statewide Mutual, a mutual pool scheme providing liability insurance to local government.

Membership includes the potential to share in either the net assets or liabilities of the fund depending on its past performance. Council's share of the net assets or liabilities reflects Council's contributions to the pool and the result of insurance claims within each of the fund years.

The future realisation and finalisation of claims incurred but not reported to 30 June this year may result in future liabilities or benefits as a result of past events that Council will be required to fund or share in respectively.

## E3-1 Contingencies (continued)

### 4. Developer contributions

Council receives Section 7.11 contributions and 7.12 levies on various developments across the Council area through the required contribution plans. As part of these plans, Council has received funds for which it will be required to expend the monies in accordance with those plans.

These plans also indicate proposed future expenditure to be undertaken by Council, which will be funded in future years by making levies and receipting funds, or where a shortfall exists, by the use of Council's general funds.

These future expenses do not yet qualify as liabilities at the reporting date but represent Council's intention to spend funds in the manner and timing set out in those plans.

### 5. Other contingent liabilities

#### (i) Legal proceedings

Council has been named as the defendant in a number of proceedings by parties seeking compensation. Due to the considerable uncertainty in legal proceedings and the need to maintain legal professional privilege, the liability cannot be accurately determined at this time and as such has not been brought to account in the financial statements. While no determination can be made as to the outcome of any particular matter, Council considers that there are meritorious defences available in those matters currently the subject of litigation. Any liability, including any legal costs, which may arise, should not have a material adverse effect on the Council's consolidated financial position.

#### (ii) EPA prosecution

Council was served in March 2022 by the EPA with four Court Attendance Notices (CANs) filed in the Local Court. In August 2022 the EPA subsequently withdrew two of the CANs. The CANs related to events that occurred at the Summerhill Waste Management Facility between 23 March 2021 to 7 April 2021, with the EPA prosecuting one offence of water pollution under section 120 of the *Protection of the Environment Operations Act 1997* (POEO Act) and one offence of failure to comply with EPA license conditions under section 64 of the POEO Act. Council has entered a plea of guilty to the two offences, and the parties are currently negotiating to settle upon an agreed set of facts in preparation for sentencing. Each offence in the Local Court carries a maximum penalty of \$110,000 under section 215(2) of the POEO Act.

#### (iii) COVID-19

Across the past two years, the COVID-19 global health crisis has caused significant challenges for the city's economy, the health and wellbeing of the community and the daily operations of Council. Like other local governments across Australia, Council faced temporary closures of its publicly facing facilities and suspension of services and events, resulting in reduced revenue streams and budget pressure.

Uncertainty still surrounds the continued impact of COVID-19 on the future operations and revenue streams of Council which cannot be reliably quantified at 30 June 2022. As such, any possible future liabilities which may arise from COVID-19 have not been reflected in the financial statements.

## ASSETS NOT RECOGNISED

### 1. Lehman Brothers Australia

Council is a contingent creditor in the liquidation of the bankrupt Lehman Brothers Australia estate. The process has suffered further delays while the liquidator seeks tax clearance from the ATO before initiating the final dividend payment process. These delays are outside the control of Council. Due to the ongoing uncertainty in legal and tax proceedings, the value and timing of any final distribution cannot be reliably determined. As such, Council has not recognised an asset in the financial statements.

### 2. Infringement notices/fines

Fines and penalty income as a result of Council issuing infringement notices, are followed up and collected by Revenue NSW. Council's revenue recognition policy for such income is to account for it as revenue when the penalty is applied, to the extent of the impairment provision (determined on an expected credit loss basis).

Accordingly, at year end, there is a potential asset due to Council representing issued but unpaid infringement notices that are in excess of the accrued revenue recognised in the accounts. Due to the limited information available on the status and duration of outstanding notices, Council is unable to reliably determine the full value of collectible fine and penalty income.

## F People and relationships

### F1 Related party disclosures

#### F1-1 Key management personnel (KMP)

Key management personnel (KMP) of the Council are those persons having the authority and responsibility for planning, directing and controlling the activities of the Council, directly or indirectly.

The aggregate amount of KMP compensation included in the Income Statement is:

	2022 \$ '000	2021 \$ '000
<b>Compensation:</b>		
Short-term benefits	6,047	6,231
Post-employment benefits	505	491
Other long-term benefits	42	14
Termination benefits	108	58
<b>Total</b>	<b>6,702</b>	<b>6,794</b>

#### Other transactions with KMP and their related parties

Council has determined that transactions at arm's length between KMP and Council as part of Council delivering a public service objective (e.g. access to a library or Council swimming pool) will not be disclosed.

Nature of the transaction	Transactions during the year \$ '000	Outstanding balances (incl. loans and commitments) \$ '000	Terms and conditions	Impairment provision on outstanding balances \$ '000	Impairment expense \$ '000
<b>2022</b>					
Employee expenses relating to close family members <sup>1</sup>	139	–	Enterprise Agreement 2019	–	–
<b>2021</b>					
Employee expenses relating to close family members <sup>1</sup>	281	–	Enterprise Agreement 2019	–	–

(1) Close family members of Council's KMP are employed by Newcastle City Council under the current Enterprise Agreement on an arm's length basis. There were 3 close family members of KMP employed by Council during 2022 (2021: 4).

## F1-2 Councillor and Mayoral fees and associated expenses

	2022 \$ '000	2021 \$ '000
The aggregate amount of Councillor and Mayoral fees and associated expenses included in materials and services expenses in the Income Statement are:		
Mayoral fee	102	100
Councillors' fees	395	416
Councillor expenses (incl. mayor) – other (excluding fees above)	100	52
<b>Total</b>	<b>597</b>	<b>568</b>

## F2 Other relationships

### F2-1 Audit fees

	2022 \$ '000	2021 \$ '000
During the year, the following fees were incurred for services provided by Council's auditor:		
<b>Auditors of the Council: NSW Auditor-General:</b>		
<b>(i) Audit and other assurance services</b>		
Audit and review of financial statements	142	131
<b>Total fees paid or payable to the NSW Auditor-General</b>	<b>142</b>	<b>131</b>
<b>Other services: Other firms</b>		
<b>(i) Audit and other assurance services</b>		
Other audit and assurance services	174	197
<b>Total fees paid or payable to other firms</b>	<b>174</b>	<b>197</b>
<b>Total audit fees</b>	<b>316</b>	<b>328</b>

## G Other matters

### G1-1 Statement of Cash Flows information

#### (a) Reconciliation of net operating result to cash provided from operating activities

	2022 \$ '000	2021 \$ '000
<b>Net operating result from Income Statement</b>	<b>4,631</b>	(4,350)
<b>Add / (less) non-cash items:</b>		
Depreciation and amortisation	60,130	57,824
(Gain) / loss on disposal of assets	5,418	10,336
Non-cash capital grants and contributions	(1,192)	(11,164)
Losses/(gains) recognised on fair value re-measurements through the P&L:		
– Investments classified as 'at fair value' or 'held for trading'	5,260	(499)
– Investment property	(1,000)	(2,865)
– Revaluation decrements / impairments of IPP&E direct to P&L	4	–
Amortisation of premiums, discounts and prior period fair valuations		
– Financial assets at amortised cost / held to maturity (2021)	9	33
Share of net (profits)/losses of associates/joint ventures using the equity method	170	180
<b>Movements in operating assets and liabilities and other cash items:</b>

Increase / (decrease) in other liabilities	(519)	(1,808)
Increase / (decrease) in contract liabilities	(234)	3,754
Increase / (decrease) in employee benefit provision	(1,091)	355
Increase / (decrease) in other provisions	(10,423)	15,305
<b>Net cash flows from operating activities</b>	<b>47,514</b>	<b>82,303</b>

#### (b) Non-cash investing and financing activities

Other dedications	1,192	11,164
<b>Total non-cash investing and financing activities</b>	<b>1,192</b>	<b>11,164</b>

## G2-1 Commitments

### Capital commitments (exclusive of GST)

	2022 \$ '000	2021 \$ '000
Capital expenditure committed for at the reporting date but not recognised in the financial statements as liabilities:		
<b>Property, plant and equipment</b>		
Buildings	54,843	22,307
Plant and equipment	59,486	1,603
Open Spaces	374	138
Land improvements	62,507	10,719
Road infrastructure	930	–
Other	3,200	970
<b>Total commitments</b>	<b>181,340</b>	<b>35,737</b>

#### Details of capital commitments

Building commitments relate to terminal expansion development at Newcastle Airport, as well as construction of an organics processing facility at Summerhill Waste Management Centre.

Plant and equipment commitments include expenses related to landside and ground transport at Newcastle Airport.

Open spaces commitments relate to the construction of a waterslide at Lambton Pool, along with other works to park amenities.

Land improvements commitments include expenses related to capping the former Astra Street landfill site, construction along Bathers Way, and airfield development at Newcastle Airport.

Road infrastructure commitments include expenses related to bridge repairs at Yangan Drive Beresfield.

Other commitments include land acquisition by Newcastle Airport.

### G3-1 Events occurring after reporting date

---

Elections for NSW Local Governments were held on 4 December 2021. Under Section 333 of *Local Government Act 1993* Council is required to review its organisational structure within 12 months of an election. On 9 August 2022, the CEO presented the new structure to the elected Councillors and obtained their approval. The new organisational structure will take effect on 1 October 2022. The cost to implement the new structure is not presently known and cannot be reliably estimated.

The financial effect of the above event has not been brought to account at 30 June 2022.

## G4 Statement of developer contributions as at 30 June 2022

Under the Environmental Planning and Assessment Act 1979, Council has significant obligations to provide Section 7.11 (contributions towards provision or improvement of amenities or services) infrastructure in new release areas. It is possible that the funds contributed may be less than the cost of this infrastructure, requiring Council to borrow or use general revenue to fund the difference.

## G4-2 Developer contributions by plan

(1) Excludes fair value increments, reversal of revaluation decrements, reversal of impairment losses on receivables, net gain on sale of assets, and net gain on share of interests in joint ventures and associates using the equity method and includes pensioner subsidies

(2) Excludes impairment/revaluation decrements, fair value decrements, impairment losses on receivables, net loss on disposal of assets, and net loss on share of interests in joint ventures and associates using the equity method

**End of the audited financial statements**

## INDEPENDENT AUDITOR'S REPORT

### Report on the general purpose financial statements

#### Newcastle City Council

To the Councillors of Newcastle City Council

### Opinion

I have audited the accompanying financial statements of Newcastle City Council (the Council), which comprise the Statement by Councillors and Management, the Income Statement and Statement of Comprehensive Income for the year ended 30 June 2022, the Statement of Financial Position as at 30 June 2022, the Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes comprising a summary of significant accounting policies and other explanatory information. The financial statements include the consolidated financial statements of the Council and the entities it controlled at the year's end or from time to time during the year.

In my opinion:

- the Council's accounting records have been kept in accordance with the requirements of the *Local Government Act 1993*, Chapter 13, Part 3, Division 2 (the Division)
- the financial statements:
  - have been prepared, in all material respects, in accordance with the requirements of this Division
  - are consistent with the Council's accounting records
  - present fairly, in all material respects, the financial position of the Council as at 30 June 2022, and of its financial performance and its cash flows for the year then ended in accordance with Australian Accounting Standards
- all information relevant to the conduct of the audit has been obtained
- no material deficiencies in the accounting records or financial statements have come to light during the audit.

My opinion should be read in conjunction with the rest of this report.

### Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

## Other Information

The Council's annual report for the year ended 30 June 2022 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the special purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the special purpose financial statements and Special Schedule - Permissible income for general rates.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

## The Councillors' Responsibilities for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the *Local Government Act 1993*, and for such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

## Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: [www.auasb.gov.au/auditors\\_responsibilities/ar3.pdf](http://www.auasb.gov.au/auditors_responsibilities/ar3.pdf). The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- on the Original Budget information included in the Income Statement, Statement of Cash Flows, and Note B5-1 Material budget variations
- on the Special Schedules. A separate opinion has been provided on Special Schedule - Permissible income for general rates
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

 Our ref: D2219491/1770

10 October 2022

Dear Cr Nelmes

## Report on the Conduct of the Audit for the year ended 30 June 2022 Newcastle City Council

I have audited the general purpose financial statements (GPFS) of the Newcastle City Council (the Council) for the year ended 30 June 2022 as required by section 415 of the *Local Government Act 1993* (the Act).

I expressed an unmodified opinion on the Council's GPFS.

This Report on the Conduct of the Audit (the Report) for the Council for the year ended 30 June 2022 is issued in accordance with section 417 of the Act. This Report should be read in conjunction with my audit opinion on the GPFS issued under section 417(2) of the Act.

### INCOME STATEMENT

#### Operating result

	2022 \$m	2021* \$m	Variance %
Rates and annual charges revenue	199.1	192.7	↑ 3.3
Grants and contributions revenue	48.5	46.0	↑ 5.4
Operating result from continuing operations	4.6	(4.4)	↑ 205
Net operating result before capital grants and contributions	(12.5)	(30.2)	↑ 58.6

Rates and annual charges revenue (\$199.1 million) increased by \$6.4 million (3.3 per cent) in 2021–22 due to:

- annual rate peg increase applied to ordinary rates (2.0 per cent)
- increase of \$2.0 million in domestic waste management services revenue.

Grants and contributions revenue (\$48.5 million) increased by \$2.5 million (5.4 per cent) in 2021–22 mainly due to increase of \$3.4 million of cash developer contributions recognised during the year.

The Council's operating result from continuing operations (\$4.6 million including depreciation and amortisation expense of \$60.1 million) was \$9.0 million higher than the 2020–21 result. The movement is mainly attributable to the increase in rates and annual charges and user charges and fees revenue.

The net operating result before capital grants and contributions (a deficit of \$12.5 million) was \$17.7 million lower than the deficit reported in 2020–21. Movement is mainly attributable to the increase in revenue as noted above and increase of \$11.2 in operating grants and contributions recognised during the year.

## STATEMENT OF CASH FLOWS

The Statement of Cash Flows illustrates the flow of cash and cash equivalents moving in and out of Council during the year.

The decrease in cash provided from operating activities is mainly due to increase in additional payments during the year.

The decrease in cash used in investing activities is mainly due to redemption of term deposits.

The increase in cash provided from financing activities is due to increase proceeds from borrowings during the year.

The Council's cash and cash equivalent balances at 30 June 2022 was \$75.4 million (2021: \$29.0 million). The net cash flow for the year was an increase of \$46.4 million.

## FINANCIAL POSITION

### Cash and investments

Cash and investments	2022	2021	Commentary
	\$m	\$m	
<b>Total cash, cash equivalents and investments</b>	<b>363.5</b>	<b>366.3</b>	<ul style="list-style-type: none"> <li>Cash and investments decreased by \$2.8 million.</li> <li>Externally restricted cash and investments are restricted in their use by externally imposed requirements. Council's externally restricted cash and investments have increased by \$1.9 million primarily due to increase in available cash balance relating to the developer contributions.</li> </ul>
Restricted and allocated cash, cash equivalents and investments:			
• External restrictions	44.1	42.2	
• Internal allocations	292.7	301.5	<ul style="list-style-type: none"> <li>Internally restricted cash and investments are due to Council policy or decisions to restrict funds for forward plans including strategic capital projects. The decrease in internally restricted cash and investments of \$8.8 million is mainly due to decrease in balances relating to Waste Management - Remediation provision and Works Program - Infrastructure Agreed Level of Service.</li> </ul>

### Debt

The Council has \$66.2 million of borrowings as at 30 June 2022 (2021: \$61.4 million).

The Council has an accumulated drawdown facility limit of \$95.1 million as at 30 June 2022 (2021: \$74.9 million), of which \$50.0 million pertains to the Newcastle Airport Partnership joint venture. As at 30 June 2022, \$28.9 million of the total facility remains unutilised.

## PERFORMANCE

### Performance measures

The following section provides an overview of the Council's performance against the performance measures and performance benchmarks set by the Office of Local Government (OLG) within the Department of Planning and Environment.

#### Operating performance ratio

The Council did not meet the OLG benchmark for the current reporting period.

The 'operating performance ratio' measures how well council contained operating expenditure within operating revenue (excluding capital grants and contributions, fair value adjustments, and reversal of revaluation decrements). The benchmark set by OLG is greater than zero per cent.

#### Own source operating revenue ratio

The Council met the OLG benchmark for the current reporting period.

The 'own source operating revenue ratio' measures council's fiscal flexibility and the degree to which it relies on external funding sources such as operating grants and contributions. The benchmark set by OLG is greater than 60 per cent.

### Unrestricted current ratio

The Council met the OLG benchmark for the current reporting period.

The 'unrestricted current ratio' is specific to local government and represents council's ability to meet its short-term obligations as they fall due. The benchmark set by OLG is greater than 1.5 times.

### Debt service cover ratio

The Council met the OLG benchmark for the current reporting period.

The 'debt service cover ratio' measures the operating cash to service debt including interest, principal and lease payments. The benchmark set by OLG is greater than two times.

### Rates and annual charges outstanding percentage

The Council met the OLG benchmark for the current reporting period.

The 'rates and annual charges outstanding percentage' assesses the impact of uncollected rates and annual charges on council's liquidity and the adequacy of debt recovery efforts. The benchmark set by OLG is less than 10 per cent for regional and rural councils.

### Cash expense cover ratio

The Council met the OLG benchmark for the current reporting period.

This liquidity ratio indicates the number of months the council can continue paying for its immediate expenses without additional cash inflow. The benchmark set by OLG is greater than three months.

### Infrastructure, property, plant and equipment renewals

Council reported asset renewals of \$16.2 million in 2021-22 (\$19.7 million in 2020-21). Significant renewals included:

- road renewals of \$6.9 million (2021: \$6.7 million)
- plant and equipment renewals of \$2.4 million (2021: \$2.9 million)
- building renewals of \$1.1 million (2021: \$2.7 million).

## OTHER MATTERS

### Legislative compliance

My audit procedures did not identify any instances of non-compliance with legislative requirements or a material deficiency in the Council's accounting records or financial statements.

The Council's:

- accounting records were maintained in a manner and form to allow the GPFS to be prepared and effectively audited
- staff provided all accounting records and information relevant to the audit.

<b>Note – Significant Accounting Policies</b>	<b>18</b>
<b>Auditor's Report on Special Purpose Financial Statements</b>	<b>21</b>

#### Background

- i. These Special Purpose Financial Statements have been prepared for the use by both Council and the Office of Local Government in fulfilling their requirements under National Competition Policy.
- ii. The principle of competitive neutrality is based on the concept of a 'level playing field' between persons/entities competing in a market place, particularly between private and public sector competitors.  
  
Essentially, the principle is that government businesses, whether Commonwealth, state or local, should operate without net competitive advantages over other businesses as a result of their public ownership.
- iii. For Council, the principle of competitive neutrality and public reporting applies only to declared business activities.  
  
These include **(a)** those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation, and **(b)** those activities with a turnover of more than \$2 million that Council has formally declared as a business activity (defined as Category 1 activities).
- iv. In preparing these financial statements for Council's self-classified Category 1 businesses and ABS-defined activities, councils must **(a)** adopt a corporatisation model and **(b)** apply full cost attribution including tax-equivalent regime payments and debt guarantee fees (where the business benefits from Council's borrowing position by comparison with commercial rates).

## Newcastle City Council

### Special Purpose Financial Statements

for the year ended 30 June 2022

### Statement by Councillors and Management

---

#### Statement by Councillors and Management

made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

**The attached Special Purpose Financial Statements have been prepared in accordance with:**

- the NSW Government Policy Statement, '*Application of National Competition Policy to Local Government*',
- the Division of Local Government Guidelines, '*Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality*', and
- the Local Government *Code of Accounting Practice and Financial Reporting*.

**To the best of our knowledge and belief, these statements:**

- present fairly the operating result and financial position for each of Council's declared business activities for the year,
- accord with Council's accounting and other records; and
- present overhead reallocation charges to the businesses as fair and reasonable.

**We are not aware of any matter that would render these statements false or misleading in any way.**

**Signed in accordance with a resolution of Council made on 23 August 2022.**

## Note – Significant Accounting Policies

A statement summarising the supplemental accounting policies adopted in the preparation of the Special Purpose Financial Statements (SPFS) for National Competition Policy (NCP) reporting purposes follows.

These financial statements are SPFS prepared for use by Council and the Office of Local Government. For the purposes of these statements, the Council is a non-reporting not-for-profit entity.

The figures presented in these Special Purpose Financial Statements have been prepared in accordance with the recognition and measurement criteria of relevant Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board (AASB) and Australian Accounting Interpretations.

The disclosures in these Special Purpose Financial Statements have been prepared in accordance with the *Local Government Act 1993* (NSW), the *Local Government (General) Regulation 2005*, and the Local Government Code of Accounting Practice and Financial Reporting.

The statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, fair values of non-current assets. Certain taxes and other costs, appropriately described, have been imputed for the purposes of the National Competition Policy.

The Statement of Financial Position includes notional assets/liabilities receivable from/payable to Council's General fund. These balances reflect a notional intra-entity funding arrangement with the declared business activities.

### National Competition Policy

Council has adopted the principle of 'competitive neutrality' in its business activities as part of the National Competition Policy which is being applied throughout Australia at all levels of government. The framework for its application is set out in the June 1996 NSW Government Policy statement titled 'Application of National Competition Policy to Local Government'. The *Pricing and Costing for Council Businesses - A Guide to Competitive Neutrality* issued by the Office of Local Government in July 1997 has also been adopted.

The pricing and costing guidelines outline the process for identifying and allocating costs to activities and provide a standard for disclosure requirements. These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents, Council subsidies and returns on investments (rate of return and dividends paid).

### Declared business activities

In accordance with *Pricing and Costing for Council Businesses – A Guide to Competitive Neutrality*, Council has declared that the following are to be considered as business activities:

#### Category 1

*(Business activities with gross operating turnover more than \$2 million)*

##### Waste Management Collection Services

*Collection of commercial, domestic and other waste*

##### Waste Management Disposal Services

*Waste disposal site activities*

##### Stockton Beach Holiday Park

*Operation of holiday park*

##### Civic Theatre and Playhouse

*Operation of entertainment theatre*

#### Category 2

*(Business activities with gross operating turnover less than \$2 million)*

##### City Hall

*Provision of conference, reception and entertainment facilities*

##### Commercial Properties

*Commercial rental properties*

##### Beresfield Child Care Centre

*Operation of child care centre*

## Note – Significant Accounting Policies (continued)

### Taxation equivalent charges

Council is liable to pay various taxes and financial duties. Where this is the case, they are disclosed as a cost of operations just like all other costs. However, where Council does not pay some taxes which are generally paid by private sector businesses, such as income tax, these equivalent tax payments have been applied to all Council-nominated business activities and are reflected in Special Purpose Financial Statements.

For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all Council-nominated business activities (this does not include Council's non-business activities):

#### Notional rate applied (%)

- Corporate income tax rate – 25.0% (or 30.0% for businesses with aggregated turnover greater than \$50 million).
- Land tax – the first \$822,000 of combined land values attracts 0%. For the combined land values in excess of \$822,001 up to \$5,026,000 the rate is 1.6% + \$100. For the remaining combined land value that exceeds \$5,026,000 a premium marginal rate of 2.0% applies.
- Payroll tax – 4.85% on the value of taxable salaries and wages in excess of \$1,200,000.

### Income tax

An income tax equivalent has been applied on the profits of the business activities. While income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account in terms of assessing the rate of return required on capital invested. Accordingly, the return on capital invested is set at a pre-tax level - gain/(loss) from ordinary activities before capital amounts, as would be applied by a private sector competitor. That is, it should include a provision equivalent to the relevant corporate income tax rate, currently 25.0% (or 30.0% for businesses with aggregated turnover greater than \$50 million).

Income tax is only applied where a gain from ordinary activities before capital amounts has been achieved. Since the taxation equivalent is notional – that is, it is payable to Council as the 'owner' of business operations - it represents an internal payment and has no effect on the operations of the Council.

Accordingly, there is no need for disclosure of internal charges in the SPFS. The rate applied of 25.0% (or 30.0% where aggregated turnover exceeds \$50 million) is the equivalent company tax rate prevalent at reporting date.

### Local government rates and charges

A calculation of the equivalent rates and charges payable on all Category 1 businesses has been applied to all assets owned or exclusively used by the business activity.

### Loan and debt guarantee fees

The debt guarantee fee is designed to ensure that Council business activities face 'true' commercial borrowing costs in line with private sector competitors. In order to calculate a debt guarantee fee, Council has determined what the differential borrowing rate would have been between the commercial rate and Council's borrowing rate for its business activities.

#### (i) Subsidies

Government policy requires that subsidies provided to customers, and the funding of those subsidies, must be explicitly disclosed. Subsidies occur when Council provides services on a less-than-cost-recovery basis. This option is exercised on a range of services in order for Council to meet its community service obligations.

Accordingly, 'subsidy paid/(contribution) to operations' (in relation to National Competition Policy) represents the difference between revenue generated from 'rate of return' pricing and revenue generated from prices set by Council in any given financial year.

The overall effect of subsidies is contained within the Income Statement of each reported business activity.

#### (ii) Return on investments (rate of return)

The NCP policy statement requires that Councils with Category 1 businesses 'would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field'.

Such funds are subsequently available for meeting commitments or financing future investment strategies.

## Note – Significant Accounting Policies (continued)

The rate of return achieved by each business activity is disclosed for each of Council's business activities on their respective Income Statement.

The return on capital is calculated as follows:

$$\frac{\text{Surplus (deficit) from continuing operations before capital amounts + interest expense}}{\text{Written down value of I,PP\&E as at 30 June}}$$

Written down value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 3.66% at 30/6/2022.

### (iii) Dividends

Council is not required to pay dividends to either itself (as owner of a range of businesses) or to any external entities.

### Comparative figures

Comparative figures have been restated in the Income Statement and Statement of Financial Position for the Waste Management Disposal Service business activity.

The Investments line item has been restated to align with the cash restriction for Council's remediation provision for its active landfill site. There is a corresponding restatement to the subsidy paid line item in the Income Statement.

The corporate taxation equivalent line has also been restated to correct the taxation rate applied in 2020/21. A corresponding restatement has been made to the Surplus (deficit) after tax line item in the Income Statement.

**INDEPENDENT AUDITOR'S REPORT**  
**Report on the special purpose financial statements**  
**Newcastle City Council**

To the Councillors of Newcastle City Council

### **Opinion**

I have audited the accompanying special purpose financial statements (the financial statements) of Newcastle City Council's (the Council) Declared Business Activities, which comprise the Statement by Councillors and Management, the Income Statement of each Declared Business Activity for the year ended 30 June 2022, the Statement of Financial Position of each Declared Business Activity as at 30 June 2022 and the Significant accounting policies note.

The Declared Business Activities of the Council are:

- Waste Management Collection Service
- Waste Management Disposal Service
- Civic Theatre and Playhouse
- City Hall
- Commercial Properties
- Stockton Beach Holiday Park
- Beresfield Childcare Centre.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Council's Declared Business Activities as at 30 June 2022, and their financial performance for the year then ended, in accordance with the Australian Accounting Standards described in the Significant accounting policies note and the Local Government Code of Accounting Practice and Financial Reporting 2021–22 (LG Code).

My opinion should be read in conjunction with the rest of this report.

### **Basis for Opinion**

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as the auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### **Emphasis of Matter - Basis of Accounting**

Without modifying my opinion, I draw attention to the Significant accounting policies note to the financial statements which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the Council's financial reporting responsibilities under the LG Code. As a result, the financial statements may not be suitable for another purpose.

### **Other Information**

The Council's annual report for the year ended 30 June 2022 includes other information in addition to the financial statements and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements and Special Schedules (the Schedules).

My opinion on the financial statements does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and Special Schedule 'Permissible income for general rates'.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

### **The Councillors' Responsibilities for the Financial Statements**

The Councillors are responsible for the preparation and fair presentation of the financial statements and for determining that the accounting policies, described in the Significant accounting policies note to the financial statements, are appropriate to meet the requirements in the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

My objectives are to:

- obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the financial statements.

A description of my responsibilities for the audit of the financial statements is located at the Auditing and Assurance Standards Board website at: [www.auasb.gov.au/auditors\\_responsibilities/ar4.pdf](http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf). The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited financial statements on any website where they may be presented
- about any other information which may have been hyperlinked to/from the financial statements.

## Newcastle City Council

## Permissible income for general rates

	Notes	Calculation 2021/22 \$ '000	Calculation 2022/23 \$ '000
<b>Notional general income calculation <sup>1</sup></b>			
Last year notional general income yield	a	164,941	<b>169,498</b>
Plus or minus adjustments <sup>2</sup>	b	1,438	<b>930</b>
<b>Notional general income</b>	c = a + b	<b>166,379</b>	<b>170,428</b>
<b>Permissible income calculation</b>			
Special variation percentage <sup>3</sup>	d	0.00%	<b>2.50%</b>
Or rate peg percentage	e	2.00%	<b>0.00%</b>
Plus special variation amount	f = d x c	–	<b>4,261</b>
Or plus rate peg amount	g = e x c	3,328	–
<b>Sub-total</b>	h = (c + f + g)	<b>169,707</b>	<b>174,689</b>
Plus (or minus) last year's carry forward total	i	4	<b>86</b>
Less valuation objections claimed in the previous year	j	(122)	–
<b>Sub-total</b>	k = (i + j)	<b>(118)</b>	<b>86</b>
<b>Total permissible income</b>	l = h + k	<b>169,589</b>	<b>174,775</b>
Less notional general income yield	m	169,498	<b>174,762</b>
<b>Catch-up or (excess) result</b>	n = l - m	<b>90</b>	<b>13</b>
Less unused catch-up <sup>4</sup>	o	(4)	–
<b>Carry forward to next year <sup>5</sup></b>	p = n + o	<b>86</b>	<b>13</b>

**Notes**

- (1) The 'notional general income' will not reconcile with rate income in the financial statements in the corresponding year. The statements are reported on an accrual accounting basis, which include amounts that relate to prior years' rates income.
- (2) Adjustments account for changes in the number of assessments and any increase or decrease in land value occurring during the year. The adjustments are called 'supplementary valuations' as defined in the *Valuation of Land Act 1916 (NSW)*.
- (3) The 'special variation percentage' is inclusive of the rate peg percentage and where applicable, the Crown land adjustment.
- (4) Unused catch-up amounts will be deducted if they are not caught up within 2 years. Usually councils will have a nominal carry forward figure. These amounts can be adjusted for in setting the rates in a future year.
- (5) Carry forward amounts which are in excess (an amount that exceeds the permissible income) require Ministerial approval by order published in the NSW Government Gazette in accordance with section 512 of the Local Government Act 1993. The OLG will extract these amounts from permissible income from general rates in the financial data return (FDR) to administer this process.

## INDEPENDENT AUDITOR'S REPORT

### Special Schedule – Permissible income for general rates

#### Newcastle City Council

To the Councillors of Newcastle City Council

### Opinion

I have audited the accompanying Special Schedule – Permissible income for general rates (the Schedule) of Newcastle City Council (the Council) for the year ending 30 June 2023.

In my opinion, the Schedule is prepared, in all material respects in accordance with the requirements of the Local Government Code of Accounting Practice and Financial Reporting 2021–22 (LG Code) and is in accordance with the books and records of the Council.

My opinion should be read in conjunction with the rest of this report.

### Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under the standards are described in the 'Auditor's Responsibilities for the Audit of the Schedule' section of my report.

I am independent of the Council in accordance with the requirements of the:

- Australian Auditing Standards
- Accounting Professional and Ethical Standards Board's APES 110 'Code of Ethics for Professional Accountants (including Independence Standards)' (APES 110).

I have fulfilled my other ethical responsibilities in accordance with APES 110.

Parliament promotes independence by ensuring the Auditor-General and the Audit Office of New South Wales are not compromised in their roles by:

- providing that only Parliament, and not the executive government, can remove an Auditor-General
- mandating the Auditor-General as auditor of councils
- precluding the Auditor-General from providing non-audit services.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

### Emphasis of Matter - Basis of Accounting

Without modifying my opinion, I draw attention to the special purpose framework used to prepare the Schedule. The Schedule has been prepared for the purpose of fulfilling the Council's reporting obligations under the LG Code. As a result, the Schedule may not be suitable for another purpose.

## Other Information

The Council's annual report for the year ended 30 June 2022 includes other information in addition to the Schedule and my Independent Auditor's Report thereon. The Councillors are responsible for the other information. At the date of this Independent Auditor's Report, the other information I have received comprise the general purpose financial statements, special purpose financial statements and Special Schedule 'Report on infrastructure assets as at 30 June 2022'.

My opinion on the Schedule does not cover the other information. Accordingly, I do not express any form of assurance conclusion on the other information. However, as required by the *Local Government Act 1993*, I have separately expressed an opinion on the general purpose financial statements and the special purpose financial statements.

In connection with my audit of the Schedule, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Schedule or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude there is a material misstatement of the other information, I must report that fact.

I have nothing to report in this regard.

## The Councillors' Responsibilities for the Schedule

The Councillors are responsible for the preparation of the Schedule in accordance with the LG Code. The Councillors' responsibility also includes such internal control as the Councillors determine is necessary to enable the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

In preparing the Schedule, the Councillors are responsible for assessing the Council's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

## Auditor's Responsibilities for the Audit of the Schedule

My objectives are to:

- obtain reasonable assurance whether the Schedule as a whole is free from material misstatement, whether due to fraud or error
- issue an Independent Auditor's Report including my opinion.

Reasonable assurance is a high level of assurance, but does not guarantee an audit conducted in accordance with Australian Auditing Standards will always detect material misstatements. Misstatements can arise from fraud or error. Misstatements are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions users take based on the Schedule.

A description of my responsibilities for the audit of the Schedule is located at the Auditing and Assurance Standards Board website at: [www.auasb.gov.au/auditors\\_responsibilities/ar8.pdf](http://www.auasb.gov.au/auditors_responsibilities/ar8.pdf). The description forms part of my auditor's report.

The scope of my audit does not include, nor provide assurance:

- that the Council carried out its activities effectively, efficiently and economically
- about the security and controls over the electronic publication of the audited Schedule on any website where it may be presented
- about any other information which may have been hyperlinked to/from the Schedule.

(a) Required maintenance is the amount identified in Council's asset management plans.

## Key for asset condition

#	Condition	Integrated planning and reporting (IP&R) description
1	Excellent/very good	No work required (normal maintenance)
2	Good	Only minor maintenance work required
3	Satisfactory	Maintenance work required
4	Poor	Renewal required
5	Very poor	Urgent renewal/upgrading required

## Newcastle City Council

### Report on infrastructure assets as at 30 June 2022

#### Infrastructure asset performance indicators (consolidated) \*

\$ '000	Amounts 2022	Indicator 2022	Indicator 2021	Benchmark
<b>Buildings and infrastructure renewals ratio</b>				
Asset renewals <sup>1</sup>	<u>28,867</u>	<b>68.88%</b>	67.49%	>= 100.00%
Depreciation, amortisation and impairment	<u>41,910</u>			
<b>Infrastructure backlog ratio</b>				
Estimated cost to bring to satisfactory standard	<u>46,479</u>	<b>3.87%</b>	3.61%	< 2.00%
Net carrying amount of infrastructure assets	<u>1,201,925</u>			
<b>Asset maintenance ratio</b>				
Actual asset maintenance	<u>29,353</u>	<b>124.01%</b>	121.00%	> 100.00%
Required asset maintenance	<u>23,670</u>			
<b>Cost to bring assets to agreed service level</b>				
Estimated cost to bring assets to an agreed level of service set by Council	<u>135,085</u>	<b>5.77%</b>	5.40%	
Gross replacement cost	<u>2,340,919</u>			

(\*) All asset performance indicators are calculated using classes identified in the previous table.

(1) Asset renewals represent the replacement and/or refurbishment of existing assets to an equivalent capacity/performance as opposed to the acquisition of new assets (or the refurbishment of old assets) that increases capacity/performance.
